April 13, 2018

FOR IMMEDIATE RELEASE:

Spring is coming and that means Arbor Day is around the corner! We are proud to be partnering with the Village of Coal City, ComEd and Trees Forever to plant trees throughout the community on Arbor Day April 27. The goal is to plant 100 trees in the community!

In 2015 Coal City was hit by a devastating tornado that took with it most of the trees throughout the community. In 2016 we worked with these same partners to plant around 100 trees throughout the community. Those trees are currently flourishing along city parkways! This spring we are joining forces again to plant trees on resident's personal properties.

The trees for the project are grown locally at Spring Grove Nursery. A diverse species list was selected to offer a wide range of trees for residents to choose from. Before Arbor Day, iTrees.com professionals will prepare the planting locations for residents and make sure the proper tree is planted in the right spot. On Arbor Day, volunteers from ComEd, iTrees.com, Trees Forever, the Village and Spring Grove Nursery will work to plant trees throughout the community. The purchase of the trees is a joint partnership from the residents, the Village of Coal City, ComEd and Trees Forever. This is true community event!

Festivities will get underway Friday, April 27 at the Coal City United Methodist Church at 6805 E. McArdle Rd, Coal City, IL. Volunteers will gather at 8:30am to kick off the Arbor Day event with a few speakers from ComEd & the Village of Coal City. Spring Grove Nursery & iTrees.com will give volunteers a "tree planting demo" to show the proper way to plant a tree. A volunteer team of over 140 employees from ComEd will spread around town to plant trees. The day will conclude at the Coal City Elementary school for an Arbor Day planting with students.

Arbor Day was founded by J. Sterling Morton in 1872 and is celebrated every spring around the world. Trees provide countless social, environmental and economic benefits to our communities. For more info about Arbor Day or the benefits of trees, see the attached flyers or visit www.springgrovenergynursery.com/resources.

We invite you to join us for this fun community event on Arbor Day. Together a great team of people will make Coal City GREEN this Arbor Day!

Happy Arbor Day,

Becky Thomas, Spring Grove Nursery
