

# ACER TATARICUM 'GARANN'

## Hot Wings Maple

Height: 25'

Spread: 20'

Growth Rate: Medium

Shape: Rounded

Foliage: Green

Fall Color: Orange-red

Flower: White clusters

Fruit: Bright red samara

**Distinctive Features:** Showy red samaras in early summer

The Hot Wings Maple shows off in the summer when the bright red fruits pop against the light green leaves. The tree also has white flower clusters in May. As a small to medium tree, the Hot Wings Maple is very versatile in the landscape.

*GROWER'S NOTE: At SGN Trees, we grow healthy trees, deep roots, and strong communities. Our philosophy of growing stems from our core values and guiding principles of stewardship, hard work, honesty, simplicity, and diversity. We hope you will join us this season as we cultivate deeper roots and relationships that will grow for many years to come!*
