

CARPINUS CAROLINIANA 'JN STRAIN'

JN Strain American Hornbeam

Height: 25'

Spread: 25'

Growth Rate: Medium

Shape: Broadly oval

Foliage: Green

Fall Color: Orange-red

Flower: Catkins 1-2" long

Fruit: Nutlet

Distinctive Features: Dense canopy with great fall color and fluted gray bark

The JN Strain American Hornbeam is a strong and vigorous selection of the native hornbeam. This tree offers exceptional fall color, featuring shades of deep orange and red.

Midwest Native

GROWER'S NOTE: At SGN Trees, we grow healthy trees, deep roots, and strong communities. Our philosophy of growing stems from our core values and guiding principles of stewardship, hard work, honesty, simplicity, and diversity. We hope you will join us this season as we cultivate deeper roots and relationships that will grow for many years to come!
