

# FAGUS SYLVATICA 'RIVERSII'

## Rivers Purple Beech

Height: 50'

Spread: 40'

Growth Rate: Slow

Shape: Broadly oval

Foliage: Purple

Fall Color: Bronze

Flower: Insignificant

Fruit: Nut

**Distinctive Features:** Deep purple foliage

The Rivers Purple Beech is the most popular of the purple leaf beeches. It holds its deep purple color all season and the smooth gray bark adds a beautiful texture to the landscape. Due to their slow growth in our fields, we generally buy them from supplier nursery partners who can produce them a bit faster than we can.

*GROWER'S NOTE: At SGN Trees, we grow healthy trees, deep roots, and strong communities. Our philosophy of growing stems from our core values and guiding principles of stewardship, hard work, honesty, simplicity, and diversity. We hope you will join us this season as we cultivate deeper roots and relationships that will grow for many years to come!*
