

MALUS 'JFS-KW5'

Royal Raindrops® Crabapple

Height: 20'

Spread: 15'

Growth Rate: Medium

Shape: Upright
spreading

Foliage: Purple

Fall Color: Orange-red

Flower: Hot pink

Fruit: Red, 1/4"

Distinctive Features: Purple flowers pop against purple cut-leaf foliage

Royal Raindrops® Crabapple explodes with hot pink flowers in the spring. The beautiful purple cutleaf foliage looks great all season. This is our favorite pink flowering Crabapple and warrants our "Tried & True" status!

Midwest Native

SGN Tried and True

GROWER'S NOTE: Royal Raindrops® is one of our favorite pink flowering Crabapple varieties. We love the clean foliage which looks healthy & disease-free all season. The hot pink flowers glow from across the field in the spring. The canopy grows in a very uniform round shape.
