## Norway Spruce

**Height:** 60'

**Spread:** 20'

**Growth Rate:** Medium

**Shape:** Pyramidal

**Foliage:** Dark green,  
conifer

**Fall Color:** Dark green

**Flower:** Insignificant

**Fruit:** Cones 4-6" long

**Distinctive Features:** Graceful drooping branches

The Norway Spruce is fast growing with graceful drooping branches as it matures. Norway Spruce makes an excellent choice for a windbreak tree.

*GROWER'S NOTE: This is Jamie's favorite evergreen to grow because it's clean and uniform. The needles make for soft and easy pruning. It doesn't grow too fast or too slow - it's just right!*
