

SYRINGA MEYERI 'PALIBIN'

Dwarf Korean Lilac

Height: 8'	Foliage: Dark green
Spread: 8'	Fall Color: Insignificant
Growth Rate: Medium	Flower: Violet-purple, fragrant
Shape: Rounded	Fruit: Capsule

Distinctive Features: Compact, top-grafted specimen with lovely spring flowers

Dwarf Korean Lilac is a compact low spreading cultivar that has pale pink, sweetly fragrant flowers. These specimens are grafted on a standard and can be used as an accent or in mass.

GROWER'S NOTE: At SGN Trees, we grow healthy trees, deep roots, and strong communities. Our philosophy of growing stems from our core values and guiding principles of stewardship, hard work, honesty, simplicity, and diversity. We hope you will join us this season as we cultivate deeper roots and relationships that will grow for many years to come!
