

SYRINGA RETICULATA 'IVORY SILK'

Ivory Silk Tree Lilac

Height: 25'

Spread: 15'

Growth Rate: Medium

Shape: Upright spreading, becoming rounded

Foliage: Dark green

Fall Color: Insignificant

Flower: Creamy-white, fragrant panicles 6-12" long

Fruit: Capsule

Distinctive Features: Large blooms are showy against dark foliage

The Ivory Silk Tree Lilac is compact and dense in form making it a useful size in the landscape. The deep green foliage is complemented by heavy white blooms in midsummer. It is drought resistant.

GROWER'S NOTE: At SGN Trees, we grow healthy trees, deep roots, and strong communities. Our philosophy of growing stems from our core values and guiding principles of stewardship, hard work, honesty, simplicity, and diversity. We hope you will join us this season as we cultivate deeper roots and relationships that will grow for many years to come!
