

TILIA CORDATA 'GREENSPIRE'

Greenspire Littleleaf Linden

Height: 40'
Spread: 30'
Growth Rate: Medium
Shape: Pyramidal, symmetrical

Foliage: Dark green
Fall Color: Yellow
Flower: Pale yellow, fragrant
Fruit: Nutlet

Distinctive Features: Reddish bark & pyramidal form stands out in winter

Greenspire Littleleaf Linden stands out in the landscape with a strong central leader & formal pyramidal shape. The reddish bark is set off by bright green leaves and yellow fall color. The fragrant June blooms make this an excellent pollinator. Everything on Lindens are edible and used in many ancient medicinal remedies. From the bark, to the leaves, to the blooms, and even honey from nearby bees, Lindens should be in every neighborhood!

GROWER'S NOTE: At SGN Trees, we grow healthy trees, deep roots, and strong communities. Our philosophy of growing stems from our core values and guiding principles of stewardship, hard work, honesty, simplicity, and diversity. We hope you will join us this season as we cultivate deeper roots and relationships that will grow for many years to come!
