

LEGACY Trees **SGN**

HONOR AND CELEBRATE YOUR LOVED ONES WITH A LIVING LEGACY

Memories to Last a Lifetime

Planting a tree provides beauty, environmental and health benefits, and is a living legacy for generations to come. By planting or gifting a Legacy Tree, you will not only be providing a lasting memory, but beautifying your community at the same time. A tree marks a physical space to connect with a loved one, gather with family and friends, or to simply sit and enjoy the shade and habitat it provides over the years. Trees truly make our world a better place!

Selecting & Planting Your Legacy Tree

Here at Spring Grove Nursery we offer:

- Over 100+ varieties of shade, ornamental, and evergreen trees
- A range of sizes from large B&B trees (\$350-\$1000) to smaller, potted trees (\$85-\$150)
- Gift certificates of any amount to be used at any time
- Legacy Tree memorial service ideas, plaques, and certificates

We work with our partner family business **iTrees.com** as well as Evergreen Cemetery to deliver & plant the Legacy Tree. Family and friends are welcome to attend the planting.

How do I get started?

You can create a Legacy Tree Memorial Fund through Evergreen Cemetery for family and friends to donate to or contact Spring Grove Nursery directly and we will help you find the perfect Legacy Tree to grow for generations to come!
