Welcome to SGN Trees!

At Spring Grove Nursery, we're dedicated to growing healthy trees, deep roots, and strong communities. This mission is at the heart of everything we do on our farm, and we're excited to see what new growth and connections this season will bring!

Here are a few highlights that we are excited about this season:

- ♦ **Healthy Trees** – Our species list continues to evolve as we focus on growing the best trees for today's landscapes. Our SGN Team works hard to nurture trees that will flourish for years to come. We can't wait to plant a new crop of trees this spring and begin the process of crafting them for the future!
- ♦ **Deep Roots** – As a 6th-generation family farm, our roots run deep. We are proud to celebrate 25 years in business, a milestone that reflects our dedication to growing exceptional trees and fostering lasting relationships. We're thrilled to have the next generation, Maggie Thomas Harper and Joey Thomas, bring fresh energy to our team as we continue to grow toward the future.
- ♦ **Strong Communities** – Our passion for trees goes beyond growing them. Sharing our love for trees gives us the chance to grow something greater - relationships, careers, knowledge, ideas, health, and beauty. Through these efforts, we're proud to contribute to building stronger communities through the power of trees.

Thank you for placing your trust in us as your grower. We're excited to grow with you this season and invite you to join us in cultivating healthy trees, deep roots, and strong communities!

Your Growers,

Jamie Thomas Becky Thomas

OUR NURSERY

At SGN Trees, we grow healthy trees, deep roots, and strong communities. Established in 1999, Spring Grove Nursery is a wholesale tree nursery located in North Central Illinois. As part of a 6th generation family farm, we are rooted in the heart of Grundy County just south of the Chicagoland suburbs. Our nursery grows a diverse and superior selection of Shade, Ornamental, and Evergreen Trees.

Ready for pick-up or delivery, we offer Landscape Contractors, Garden Centers, Municipalities, Park Districts, Landscape Architects, and Horticulturalists a collection of healthy specimen trees to plant in the landscape. We also welcome Land Owners and Retail Customers and pride ourselves on supplying our region with quality, locally-grown trees.

SGN CORE PURPOSE

We grow healthy trees, deep roots, and strong communities.

SGN CORE VALUES

Our core values guide our growth at SGN Trees, and we strive towards these guiding principles in all areas of our nursery:

- ◆ **Stewardship** – We seek to responsibly care for the land we manage, the community we live in, and the employees we work with. We seek to grow opportunities for future generations on our family farm.
- ◆ **Hard Work & Perseverance** – With a pioneering spirit and curiosity of new ideas, we strive to excel at our endeavors and be the best at what we do.
- ◆ **Honesty & Integrity** – We will treat all customers, employees, & business partners with respect and fairness. We desire to be known for our trustworthiness and accountability.
- ◆ **Simplicity** – Through patience, efficiency, & productivity, we will maintain focus on the simple truths we value in farming and relationships.
- ◆ **Diversity** – We believe in exploring diverse ideas and methods so that the best quality tree and service can be provided in a consistent, reliable manner.

We hope you will join us this season as we cultivate deeper roots and relationships that will grow for many years to come!

OUR TEAM

We are committed to growing our team along with our trees. Our core values guide our growth at SGN Trees, and we strive to make Spring Grove Nursery a desirable place to work that offers opportunities for personal growth and satisfaction.

OUR TREES

Building from below the ground up, we pay close attention to our growing process. The relationship we have with our trees begins at the nursery where our liners take root. We only choose the finest quality liners to ensure we can provide the finest quality trees. After planting, we do more than grow our trees – we craft them. Growing trees is as much art as it is science. When we prune and tend to our trees, we constantly balance that relationship between the two to produce the perfect tree – healthy and beautiful. By always keeping our eyes to the acre, we allow the simplicity of patience, efficiency, and productivity to help us focus on growing the best tree for our customer. When you plant an SGN tree, you're investing in a tree cultivated with precision and care, backed by our commitment to quality at every stage:

- ◆ Finest Quality Liner Stock
- ◆ Proper Root Depth at Planting
- ◆ Well-Structured Pruning
- ◆ Diverse & Hardy Selection of Varieties
- ◆ Machine Dug B&B Root Balls
- ◆ Certified & Inspected by the IL Dept of Ag
- ◆ All trees grown to the ANSI Standard for Nursery Stock

OUR SERVICES

By growing trees, we are given the opportunity to partner with great people in this industry. Growing doesn't end when our tree is harvested. It is the beginning of a new relationship between us and our customer – one that will continue to grow and flourish for many years to come. All SGN Customers have access to these benefits and services which can be tailored to your needs:

- ◆ Affordable Delivery to the Jobsite
- ◆ Personalized Tagging in our Field
- ◆ In-Season Above Ground Sales Yard
- ◆ Tree Holding & Maintenance Services
- ◆ Canopy Curation Services
- ◆ Legacy Tree Program
- ◆ Contract Growing for Multi-Year Projects
- ◆ Field Direct & Volume Pricing Options
- ◆ ISA Certified Arborist on Staff
- ◆ Gather at the Grove Field Days
- ◆ Educational Tree Resources
- ◆ Professional Tree Planting Services
- ◆ WBE / DBE Certified Nursery

CHECK OUT OUR WEBSITE OR CONTACT US TO LEARN MORE ABOUT ANY OF OUR SGN BENEFITS AND SERVICES.

LET'S TALK ABOUT TREES

Our updated SGN Wholesale Catalog is full of exciting SGN Trees to learn about! Here is guide to our SGN Legend for trees:

CHICAGOLAND GROWS®

We are proud to grow several selections from the **Chicagoland Grows®** program. The program is a partnership between Ornamental Grower's Association of Northern Illinois, Morton Arboretum and Chicago Botanic Garden. The goal of the program is to develop new plants well suited to the upper Midwest. As members of the OGA, we work hand in hand with other growers to evaluate new trees & cultivate old favorites. The Chicagoland Grows® trees we have growing in our fields this season are:

- ◆ State Street Maple
- ◆ Crescendo Sugar Maple
- ◆ Exclamation! London Planetree
- ◆ Accolade Elm
- ◆ Triumph Elm
- ◆ Early Glow Ohio Buckeye
- ◆ Skinny Latte Kentucky Coffeetree
- ◆ KB Crystal Oak

TRIED & TRUE SELECTIONS

Check out our "**Tried & True Selections**" throughout the catalog. These top Grower's Picks are based on our experience with these trees in our field over the years and are worth special mention! The full list is in our "Resource" section on page 12.

MIDWEST NATIVE

Throughout the catalog we have highlighted trees that are native to the **Midwest**. This includes new cultivars developed from native trees as well as straight species native to the Midwest. We hope this will help guide planting decisions when a native species is preferred.

DECIDUOUS TREES

Acer ginnala 'Flame' | **Amur Flame Maple** 2.0-4.0"

Height: 20' | **Spread:** 20' | **Shape:** Compact, Round | **Growth Rate:** Medium
Foliage: Bright Green | **Fall Color:** Orange-Red to Deep Red
Flower: Yellowish-White Fragrant Panicles | **Fruit:** Bright Red Samaras
Distinctive Features: Bright red fall color

Acer ginnala 'Flame' – Amur Flame Maple is an excellent specimen tree with a brilliant red fall color. This tree can be planted as an accent or in a small grouping where a small to medium sized tree is needed. The bright red fruits add a unique pop to the summer landscape.

Acer ginnala 'Ruby Slippers' | **Ruby Slippers Amur Maple** 2.0-4.0"

Height: 20' | **Spread:** 20' | **Shape:** Upright Spreading to Rounded
Growth Rate: Medium | **Foliage:** Bright Green | **Fall Color:** Bright Red
Flower: Yellowish-White Fragrant Panicles | **Fruit:** Bright Red Samaras
Distinctive Features: Showy red samaras in early summer

Acer ginnala 'Ruby Slippers' – Ruby Slippers Amur Maple was selected for its uniform shape and size, with bright red fruits in early summer. Ruby Slippers finishes the season with a bright red fall color.

Acer miyabei 'Morton' | **State Street Maple** 🌿 2.0-4.0"

Height: 50' | **Spread:** 35' | **Shape:** Upright Oval | **Growth Rate:** Fast
Foliage: Bright Green | **Fall Color:** Bright Yellow | **Flower:** Greenish-Yellow, Insignificant | **Fruit:** Samara, Insignificant | **Distinctive Features:** Outstanding fall color with great textured bark

Acer miyabei 'Morton' – State Street Maple is a Morton Arboretum release and Chicagoland Grows introduction bred for excellent urban tolerance and beauty. The textured bark is complimented by its bright green leaves that turn golden yellow in the fall. This is one of our “Tried & True” favorites!

GROWER'S NOTE: This Maple is always on our “top trees” list. It grows consistently in the field throughout fluctuations like drought, floods, extreme cold or heat and it never has any pest or disease issues!

SGN LEGEND: 🌿 **Chicagoland Grows**® | 🌿 **Tried & True Selections** | 🌿 **Midwest Native**

DECIDUOUS TREES

Acer platanoides 'Deborah' | **Deborah Norway Maple** 2.0-4.0"

Height: 45' | **Spread:** 40' | **Shape:** Rounded | **Growth Rate:** Medium to Fast
Foliage: Maroon in Spring, Dark Green in Summer | **Fall Color:** Bronze
Flower: Greenish-Yellow, Insignificant | **Fruit:** Samara, Insignificant
Distinctive Features: Colorful changing foliage in all seasons

Acer platanoides 'Deborah' – The Deborah Norway Maple adds a burst of color in the spring landscape when the leaves emerge reddish-purple. They turn to a dark green in the summer, and the tree provides good shade with its large leaves. The Deborah Maple is a quick grower and a dependable tree in the landscape.

Acer platanoides 'Pond' | **Emerald Lustre Norway Maple** 2.0-4.0"

Height: 50' | **Spread:** 35' | **Shape:** Upright, Rounded | **Growth Rate:** Fast
Foliage: Green | **Fall Color:** Bright Yellow | **Flower:** Greenish-Yellow, Insignificant
Fruit: Samara, Insignificant | **Distinctive Features:** Large leaves provide great shade

Acer platanoides 'Pond' – The Emerald Lustre Norway Maple is a great shade tree for a variety of uses. The quick growth makes it an excellent choice where you need shade fast, as the large green leaves cast a dense shade underneath. The bright yellow fall color really pops in the landscape.

Acer rubrum 'Armstrong Gold' | **Armstrong Gold Red Maple** 🌿 2.0-4.0"

Height: 40' | **Spread:** 12' | **Shape:** Narrow, Tightly Fastigiate
Growth Rate: Medium | **Foliage:** Green | **Fall Color:** Yellow to Orange-Red
Flower: Red, Small | **Fruit:** Samara, Insignificant
Distinctive Features: Columnar maple with great fall color

Acer rubrum 'Armstrong Gold' – Armstrong Gold Red Maple was developed by J. Frank Schmidt Nursery from the parent tree, 'Armstrong.' It shows off brighter fall color, has greater foliage density, and a less leggy growth habit. The tight form makes it a great choice for street plantings.

SGN LEGEND: 🌿 **Chicagoland Grows**® | 🌿 **Tried & True Selections** | 🌿 **Midwest Native**

DECIDUOUS TREES

Acer rubrum 'Frank Jr' | **Redpointe Red Maple** 🍁🍂 2.0-4.0"

Height: 45' | **Spread:** 30' | **Shape:** Broadly Oval | **Growth Rate:** Medium to Fast
Foliage: Dark Green | **Fall Color:** Bright Red | **Flower:** Red, Small
Fruit: Samara, Insignificant | **Distinctive Features:** Excellent Red Maple for color & vigor

Acer rubrum 'Frank Jr' - Redpointe Red Maple, another J.Frank Schmidt Nursery introduction, combines the faster growth of Acer x freemanii with an outstanding red fall color. The foliage stays a nice dark green all season without yellowing like other red maples can do in the wrong site. This Red Maple has quickly become one of our favorites giving it a "Tried & True" status in our book!

GROWER'S NOTE: Redpointe is our favorite Red Maple variety. It grows fast in our fields, but it doesn't get too "leggy". The foliage stays dark green all summer and doesn't seem to yellow like other A. rubrum varieties. We rarely have any bark splitting issues and generally bring 100% of what we plant to market quickly. The red fall color is outstanding.

Acer rubrum 'Sun Valley' | **Sun Valley Red Maple** 🍁🍂 2.0-4.0"

Height: 40' | **Spread:** 35' | **Shape:** Broadly Oval | **Growth Rate:** Medium to Fast
Foliage: Dark Green | **Fall Color:** Bright Red | **Flower:** Red, Small | **Fruit:** Seedless
Distinctive Features: National Arboretum release that is truly seedless

Acer rubrum 'Sun Valley' - Sun Valley Red Maple is a National Arboretum introduction that stands out in the fall with spectacular red foliage color. Sun Valley is a hybrid of Red Sunset and Autumn Flame, and it is one of the few truly seedless varieties. This Maple selection is dependable in the nursery and earns our "Tried & True" status!

SGN LEGEND: 🌿 **Chicagoland Grows**® | 🍁 **Tried & True Selections** | 🍂 **Midwest Native**

DECIDUOUS TREES

Acer rubrum 'WW Warren' | **Red Sentinel Maple** 🍁 2.0-4.0"

Height: 40' | **Spread:** 18' | **Shape:** Tightly fastigiate | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Red | **Flower:** Red, Small
Fruit: Samara | **Distinctive Features:** Vibrant fall color

Acer rubrum 'WW Warren' - The Red Sentinel Maple has fiery red fall color with tight columnar form makes this selection suitable for tight, urban spaces.

• Photo credit J. Frank Schmidt Nursery

Acer saccharum 'Bailsta' | **Fall Fiesta Sugar Maple** 🍁🍂 2.0-4.0"

Height: 50' | **Spread:** 30' | **Shape:** Broadly Round | **Growth Rate:** Medium to Fast
Foliage: Dark Green | **Fall Color:** Orange, Red, and Yellow
Flower: Greenish-Yellow, Insignificant | **Fruit:** Samara, Insignificant
Distinctive Features: Mix of colors in the fall

Acer saccharum 'Bailsta' - The Fall Fiesta Sugar Maple's colors of orange, red, and yellow explode in autumn. This Sugar Maple is one of our favorite cultivars of a great native species. We consider this one to be another "Tried & True" favorite!

GROWER'S NOTE: Fall Fiesta is one of our favorite Sugar Maple varieties because it has a consistent fall color and good branching structure. We have a soft spot in our hearts for Sugar Maples. One of our all-time favorite trees is the mature Sugar Maple in our home backyard!

Acer saccharum 'Green Mountain' | **Green Mountain Sugar Maple** 🍁🍂 2.0-4.0"

Height: 50' | **Spread:** 50' | **Shape:** Broadly Round | **Growth Rate:** Medium
Foliage: Dark Green | **Fall Color:** Orange-Red | **Flower:** Greenish-Yellow, Insignificant | **Fruit:** Samara, Insignificant | **Distinctive Features:** Dependable longtime favorite Sugar Maple variety

Acer saccharum 'Green Mountain' - The Green Mountain Sugar Maple is a long-standing, dependable Sugar Maple selection that is widely planted in the landscape. It shines with a late season, reliable fall color and is a great choice for our northern region.

SGN LEGEND: 🌿 **Chicagoland Grows**® | 🍁 **Tried & True Selections** | 🍂 **Midwest Native**

DECIDUOUS TREES

Acer saccharum 'Morton' | **Crescendo Sugar Maple** 🌿 🍂 2.0-4.0"

Height: 45' | **Spread:** 40' | **Shape:** Broadly Round | **Growth Rate:** Medium
Foliage: Dark Green | **Fall Color:** Orange-Red | **Flower:** Greenish-Yellow, Insignificant | **Fruit:** Samara, Insignificant | **Distinctive Features:** Chicagoland Grows selection with good heat resistance

Acer saccharum 'Morton' - Crescendo Sugar Maple was selected by the Chicagoland Grows program and developed at the Morton Arboretum. Crescendo features heat resistant foliage and spectacular orange fall color.

Acer tataricum 'GarAnn' | **Hot Wings Maple** 2.0-4.0"

Height: 25' | **Spread:** 20' | **Shape:** Rounded | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Orange-Red | **Flower:** White Cluster in Spring
Fruit: Bright Red Samaras | **Distinctive Features:** Showy red samaras in early summer

Acer tataricum 'GarAnn' - The Hot Wings Maple shows off in the summer when the bright red fruits pop against the light green leaves. The tree also has white flower clusters in May. As a small to medium tree, the Hot Wings Maple is very versatile in the landscape.

Acer truncatum x *A. platanoides* 'JFS-KW202' | **Crimson Sunset Shantung Maple** 2.0-4.0"

Height: 35' | **Spread:** 25' | **Shape:** Upright Oval | **Growth Rate:** Slow
Foliage: Purple, Glossy | **Fall Color:** Reddish Bronze | **Flower:** Greenish-Yellow, Insignificant | **Fruit:** Samara, Insignificant | **Distinctive Features:** Deep purple leaves stand out in the landscape

Acer truncatum x *A. platanoides* 'JFS-KW202' - Crimson Sunset Shantung Maple is a new J.Frank Schmidt Nursery introduction that is a hybrid of the Shantung and Norway Maple. The Crimson Sunset is a slow grower with deep purple foliage all season that adds a splash of color in the landscape.

SGN LEGEND: 🌿 **Chicagoland Grows**® | 🍂 **Tried & True Selections** | 🍏 **Midwest Native**

DECIDUOUS TREES

Acer truncatum x *A. platanoides* 'Warrenred'
Pacific Sunset Shantung Maple 2.0-4.0"

Height: 30' | **Spread:** 25' | **Shape:** Upright Spreading | **Growth Rate:** Medium to Fast | **Foliage:** Dark Green, Glossy | **Fall Color:** Orange-Red
Flower: Greenish-Yellow, Insignificant | **Fruit:** Samara, Insignificant
Distinctive Features: Glossy green leaves all summer turn to a colorful fall display

Acer truncatum x *A. platanoides* 'Warrenred' - The Pacific Sunset Shantung Maple is another great J.Frank Schmidt Nursery introduction. This hybrid Maple brings the best of 2 trees – the Shantung and Norway Maples. The outstanding glossy green foliage turns magnificent shades of yellow, orange, and red in the fall. The small-medium size of the tree makes it an excellent choice for the landscape and wins our "Tried & True" status!

Acer x *freemanii* 'Baliston' | **Matador Maple** 🍂 2.0-4.0"

Height: 45' | **Spread:** 30' | **Shape:** Upright Oval | **Growth Rate:** Fast
Foliage: Bright Green | **Fall Color:** Deep Red | **Flower:** Red-Yellow, Insignificant
Fruit: Samara, Few | **Distinctive Features:** First Editions selection with deep red fall color later in the season

Acer x *freemanii* 'Baliston' - Matador Maple, a new variety from Bailey Nurseries' First Editions program, is a superior shade tree with upright form and symmetrical branching. It turns a deeper red in the fall than Autumn

Acer x *freemanii* 'Celzam' | **Celebration Maple** 🍂 2.0-4.0"

Height: 50' | **Spread:** 35' | **Shape:** Broadly Oval | **Growth Rate:** Fast
Foliage: Green | **Fall Color:** Yellow-Orange | **Flower:** Red-Yellow, Insignificant
Fruit: Samara, Few | **Distinctive Features:** Open branch angles and golden fall color

Acer x *freemanii* 'Celzam' - Celebration Maple is a compact, upright hybrid developed by Lake County Nursery. It has superior branching structure and is seedless with a red fall color that turns gold.

SGN LEGEND: 🌿 **Chicagoland Grows**® | 🍂 **Tried & True Selections** | 🍏 **Midwest Native**

DECIDUOUS TREES

Acer x freemanii 'DTR-102' | **Autumn Fantasy Maple** 2.0-4.0"

Height: 55' | **Spread:** 40' | **Shape:** Broadly Oval | **Growth Rate:** Fast
Foliage: Green | **Fall Color:** Bright Red | **Flower:** Red-Yellow, Insignificant
Fruit: Samara, Few | **Distinctive Features:** Deeper red fall color than Autumn Blaze Maple

Acer x freemanii 'DTR-102' - The Autumn Fantasy Maple is a hybrid of the Silver and Red maple that consistently produces a vibrant red fall color. Its broad, oval shape is highlighted by bright green spring and summer foliage.

Acer x freemanii 'Jeffersred' | **Autumn Blaze Maple** 2.0-4.0"

Height: 50' | **Spread:** 40' | **Shape:** Broadly Oval | **Growth Rate:** Fast
Foliage: Green | **Fall Color:** Bright Red | **Flower:** Red-Yellow, Insignificant
Fruit: Samara, Few | **Distinctive Features:** Popular hybrid Maple with excellent red fall color

Acer x freemanii 'Jeffersred' - The Autumn Blaze Maple is a hybrid of the Silver and Red Maple. This popular tree is fast growing and hardy, turning a bright red in the fall.

Aesculus flava | **Yellow Buckeye** 2.0-4.0"

Height: 60' | **Spread:** 40' | **Shape:** Upright Oval | **Growth Rate:** Medium
Foliage: Dark Green, Glossy | **Fall Color:** Yellow-Orange | **Flower:** Large Yellow Clusters in Panicles | **Fruit:** Glossy Brown Nuts' | **Distinctive Features:** Showy yellow flowers & buckeye nuts

Aesculus flava - The Yellow Buckeye gets its name from the yellow flowers in May. With an orange fall color and glossy brown nuts, this tree develops an oval form and tolerates urban conditions well.

DECIDUOUS TREES

Aesculus glabra 'JN Select' | **Early Glow Ohio Buckeye** 2.0-4.0"

Height: 35' | **Spread:** 25' | **Shape:** Oval, Rounded with Age
Growth Rate: Medium | **Foliage:** Bright Green | **Fall Color:** Orange-Red
Flower: Large Yellow Clusters in Panicles | **Fruit:** Glossy Brown Nuts
Distinctive Features: Chicagoland Grows selection with good disease resistance

Aesculus glabra 'JN Select' - Early Glow Ohio Buckeye is a Chicagoland Grows introduction and is an excellent small to medium shade tree for use in our landscape. With multi-season interest, this native offers adaptability, texture, and beauty.

Aesculus x arnoldiana 'Autumn Splendor'
Autumn Splendor Horsechestnut 2.0-4.0"

Height: 35' | **Spread:** 25' | **Shape:** Oval Rounded | **Growth Rate:** Medium
Foliage: Dark Green, Glossy | **Fall Color:** Maroon | **Flower:** Red-Yellow Clusters in Panicles | **Fruit:** Shiny Brown Nuts | **Distinctive Features:** Good disease resistance and large showy flowers

Aesculus x arnoldiana 'Autumn Splendor' - The Autumn Splendor Horsechestnut was developed at the University of Minnesota Landscape Arboretum. It is a hybrid of A. glabra crossed with flava & pavia. The late spring flowers are a stunning 6" long. The foliage has great scorch resistance with a deep red fall color. Brown fruits also adorn the tree.

Aesculus x bushii 'Aaron #1' | **Mystic Ruby Buckeye** 2.0-4.0"

Height: 30' | **Spread:** 20' | **Shape:** Oval | **Growth Rate:** Medium
Foliage: Dark Green | **Fall Color:** Insignificant | **Flower:** Pink-red
Fruit: Glossy Brown Nuts | **Distinctive Features:** Beautiful spring flowers

Aesculus x bushii 'Aaron #1' - This improved and hardier variety of the Ohio Buckeye has beautiful pink-red panicle flowers in the spring. Mystic Ruby Buckeye is a great native cultivar developed by Mike Yanny at Johnson's Nursery for pollinator and animal habitats.

DECIDUOUS TREES

Alnus x spaethii | **Spaeth's Alder** 2.0-4.0"

Height: 55' | **Spread:** 20' | **Shape:** Broadly Pyramidal | **Growth Rate:** Fast
Foliage: Purple in Spring, Glossy Green in Summer | **Fall Color:** Yellow
Flower: Male Flowers in Catkins 2-3" Long | **Fruit:** Cone-like Structures
Distinctive Features: Glossy leaves, extremely tough and adaptable

Alnus x spaethii - Spaeth's Alder is a fantastic street tree with lustrous green foliage. It fills in well as an Ash alternative and is wind, salt, and pollution tolerant. The tree is widely used in Europe and named after botanist Franz Spath from Berlin, Germany.

Amelanchier laevis 'Lustre' | **Lustre Allegheny Serviceberry** 2.0-4.0"

Height: 20' | **Spread:** 15' | **Shape:** Upright, Rounded | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Orange-Red | **Flower:** White Clusters in Spring
Fruit: Edible Purple-Blue Berries | **Distinctive Features:** Four season interest with loose, elegant form

Amelanchier laevis 'Lustre' - Allegheny Serviceberry is a native woodland understory tree with four-season interest. In spring, large showy flowers add a delicate look. Summer offers edible blue-black berries, followed by an excellent fall color.

Amelanchier x grandiflora 'Autumn Brilliance'
Autumn Brilliance Serviceberry 6'-10' & 2.0"-3.0"

Height: 20' | **Spread:** 15' | **Shape:** Upright, Rounded | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Red-Orange | **Flower:** White Clusters in Spring
Fruit: Edible Purple-Blue Berries | **Distinctive Features:** Graceful spring flowers followed by edible fruits

Amelanchier x grandiflora 'Autumn Brilliance' - The Autumn Brilliance Serviceberry is another great tree with 4 season interest, with delicate white spring flowers followed by edible red fruits in June. The tree glows in the fall with a red-orange fall color. The smooth gray branches add winter interest along with strong structure that resists ice breakage.

DECIDUOUS TREES

Asimina triloba | **Pawpaw** 6'-10' & 2.0"-3.0"

Height: 25' | **Spread:** 25' | **Shape:** Broad rounded | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Bright yellow | **Flower:** Purple
Fruit: 4"-6" edible fruits | **Distinctive Features:** Native edible fruit that ripens in early summer

Asimina triloba - Pawpaw, is a small deciduous tree native to North America, prized for its large, tropical-looking leaves and unique, custard-like fruits with a sweet banana-mango flavor. In spring, it features deep purple, bell-shaped flowers making it an attractive and productive addition to gardens and landscapes.

Betula nigra | **River Birch** 8-16' & 2.0-4.0"

Height: 40' | **Spread:** 35' | **Shape:** Broadly Pyramidal to Round'
Growth Rate: Fast | **Foliage:** Green' | **Fall Color:** Bright Yellow | **Flower:** Catkins
Fruit: Nutlet' | **Distinctive Features:** Peeling cinnamon-brown bark

Betula nigra - The River Birch is an excellent tree showcasing reddish-brown peeling bark and an outstanding yellow fall color. As a quick grower, this tree delivers shade and ornamental interest right away!

Betula nigra 'Cully' | **Heritage River Birch** 8-16' & 2.0-4.0"

Height: 40' | **Spread:** 20' | **Shape:** Broadly Pyramidal | **Growth Rate:** Fast
Foliage: Green' | **Fall Color:** Bright Yellow | **Flower:** Catkins | **Fruit:** Nutlet'
Distinctive Features: Peeling bark shows off patchy creamy tan layers underneath

Betula nigra 'Cully' - The Heritage River Birch is a Heritage Trees Introduction bred to have a more oval form. The creamy color bark exfoliates and becomes mottled with age. Bright green leaves turn a golden yellow in the fall.

SGN LEGEND: 🌿 **Chicagoland Grows®** | 🌳 **Tried & True Selections** | 🌱 **Midwest Native**

DECIDUOUS TREES

Betula platyphylla 'Fargo' | **Dakota Pinnacle Birch** 2.0-4.0"

Height: 35' | **Spread:** 15' | **Shape:** Upright Pyramidal | **Growth Rate:** Medium to Fast | **Foliage:** Dark Green | **Fall Color:** Bright Yellow | **Flower:** Catkins
Fruit: Nutlet | **Distinctive Features:** White exfoliating bark contrasts with dark green leaves

Betula platyphylla 'Fargo' - The Dakota Pinnacle Birch was developed by North Dakota State University. It is very tolerant of heat and drought and is Japanese Beetle resistant. The bark is yellow-white and is slightly exfoliating with the dark green foliage turning a brilliant yellow in the fall.

Betula populifolia 'Whitespire' | **Whitespire Birch** 2.0-4.0"

Height: 30' | **Spread:** 20' | **Shape:** Pyramidal to Oval | **Growth Rate:** Medium
Foliage: Dark Green, Glossy | **Fall Color:** Bright Yellow | **Flower:** Catkins
Fruit: Nutlet | **Distinctive Features:** Striking white-gray bark with golden yellow fall color

Betula populifolia 'Whitespire' - Whitespire Birch is a nice narrow pyramidal size with chalky white bark that looks great all season long. The bright green leaves rustle in the wind and turn the brightest yellow in the fall. Another standout feature are the catkins that grace the tree in the summer.

Carpinus betulus 'Fastigiata' | **Pyramidal European Hornbeam** 2.0-4.0"

Height: 35' | **Spread:** 25' | **Shape:** Narrow Becoming Oval
Growth Rate: Medium | **Foliage:** Dark Green | **Fall Color:** Yellow
Flower: Catkins | **Fruit:** Nutlet
Distinctive Features: Clean foliage with no pests or disease issues

Carpinus betulus 'Fastigiata' - The Pyramidal European Hornbeam is a great accent plant with a symmetrical and formal shape. This tree is free of disease and pest problems.

DECIDUOUS TREES

Carpinus betulus 'JFS-KWICB' | **Emerald Avenue Hornbeam** 2.0-4.0"

Height: 40' | **Spread:** 28' | **Shape:** Pyramidal to Oval | **Growth Rate:** Medium
Foliage: Dark Green | **Fall Color:** Yellow | **Flower:** Catkins
Fruit: Nutlet | **Distinctive Features:** Healthy looking deep green leaves

Carpinus betulus 'JFS-KWICB' - The Emerald Avenue Hornbeam is well suited for heat tolerance with a strong structure and central leader. A sturdy "grower friendly tree" that is easy to grow, this tree was developed by J. Frank Schmidt Nursery to fill the need for a clean, narrow, mid-sized tree in the landscape.

Carpinus betulus 'Lucas' | **Lucas European Hornbeam** 2.0-4.0"

Height: 30' | **Spread:** 10' | **Shape:** Tightly columnar | **Growth Rate:** Medium
Foliage: Dark Green | **Fall Color:** Golden yellow | **Flower:** Catkins
Fruit: Nutlet | **Distinctive Features:** Tight columnar form

Carpinus betulus 'Lucas' - Lucas Columnar Hornbeam is a tightly columnar deciduous tree with durable, forest green foliage that turns golden yellow in fall before transitioning to brown and persisting through winter. Tolerant of high pH and heavy soils, it excels as an accent, tall hedge, or allee tree, with smooth gray bark adding year-round interest.

Photo credit J. Frank Schmidt Nursery

Carpinus betulus 'Rockhampton Red' | **Rockhampton Red European Hornbeam** 2.0-4.0"

Height: 50' | **Spread:** 40' | **Shape:** Pyramidal | **Growth Rate:** Medium
Foliage: Bright Green | **Fall Color:** Red orange | **Flower:** Green Catkins
Fruit: Winged Fruit | **Distinctive Features:** Beautiful fall color

Carpinus betulus 'Rockhampton Red' - This is a striking hornbeam with brilliant autumn foliage, showcasing vivid reds and oranges from late September to November before turning brown and persisting through winter.

DECIDUOUS TREES

Carpinus caroliniana | **American Hornbeam** 🍷 2.0-4.0"

Height: 25' | **Spread:** 20' | **Shape:** Oval | **Growth Rate:** Slow to Medium
Foliage: Green | **Fall Color:** Orange-Red | **Flower:** Male Flowers in Catkins 1-2" Long | **Fruit:** Nutlets | **Distinctive Features:** Fantastic fall color highlighted by smooth, gray bark

Carpinus caroliniana – The American Hornbeam is a native tree commonly known as Ironwood or Muscledwood, referring to the smooth, gray bark with a fluted trunk. This tree adapts well and has an outstanding orange-red fall color, making it another one of our “Tried & True” favorites!

GROWER'S NOTE: We feel American Hornbeam is under utilized in the landscape. It is slow to mature but finishes with a flourish and looks great in every season. Nutlets add an interesting texture and rustle in the breeze while its fall color is among some of the best in our nursery!

Carpinus caroliniana 'JN Select A' | **Fire King American Hornbeam** 🍷 2.0-4.0"

Height: 30' | **Spread:** 20' | **Shape:** Upright Ova | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Orange-Red | **Flower:** Male Flowers in Catkins 1-2" Long | **Fruit:** Nutlets | **Distinctive Features:** Fantastic fall color highlighted by smooth, gray bark and upright form

Carpinus caroliniana 'JN Select A' - The Fire King American Hornbeam, a Mike Yanny introduction from Johnson's Nursery, has outstanding orange-red fall color and is an excellent choice for tight areas. It can grow in full sun to full shade and offers habitat from it's seeds and catkins.

Carpinus caroliniana 'JN Strain' | **JN Strain American Hornbeam** 🍷 2.0-4.0"

Height: 25' | **Spread:** 25' | **Shape:** Broadly Oval | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Orange-Red | **Flower:** Male Flowers in Catkins 1-2" Long | **Fruit:** Nutlets | **Distinctive Features:** Dense canopy with great fall color and fluted gray bark

Carpinus caroliniana 'JN Strain' - The JN Strain American Hornbeam is a strong and vigorous selection of the native hornbeam. This tree offers exceptional fall color, featuring shades of deep orange and red.

DECIDUOUS TREES

Carpinus caroliniana 'JN Upright' | **Firespire American Hornbeam** 🍷 2.0-4.0"

Height: 20' | **Spread:** 10' | **Shape:** Narrow, Upright | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Orange-Red | **Flower:** Male Flowers in Catkins 1-2" Long | **Fruit:** Nutlets | **Distinctive Features:** Fantastic fall color highlighted by smooth, gray bark and tight form

Carpinus caroliniana 'JN Upright' – The Firespire American Hornbeam is an amazing tree; the fall color is truly on fire! Another selection from Mike Yanny at Johnson's Nursery, this small native delivers beauty and habitat in every season. On top of that, it grows in a wide range of conditions and thrives in our Midwest landscape.

Carya illinoensis | **Hardy Pecan** 🍷 2.0-4.0"

Height: 100' | **Spread:** 70' | **Shape:** Large broadly round | **Growth Rate:** Medium
Foliage: Dark Green | **Fall Color:** Yellow-Brown | **Flower:** Pendulous Catkins
Fruit: Edible pecan nut | **Distinctive Features:** Stately shade tree with edible nuts

Carya illinoensis – The Hardy Pecan, is a large, deciduous tree valued for its stately form, lush green foliage, and edible, flavorful nuts. Tolerant of a wide range of conditions, this long-lived tree is a standout choice for shade, wildlife support, and nut production in landscapes and orchards.

Photo credit NC State Extension

Carya ovata | **Shagbark Hickory** 🍷 2.0-4.0"

Height: 75' | **Spread:** 55' | **Shape:** Oval | **Growth Rate:** Slow
Foliage: Green | **Fall Color:** Yellow-Brown | **Flower:** Insignificant
Fruit: Showy Edible Nut | **Distinctive Features:** Ornamental bark with edible nuts

Carya ovata – Shagbark Hickory is a majestic deciduous tree known for its distinctive peeling bark and delicious, edible nuts. With its towering form, golden-yellow fall foliage, and wildlife-friendly qualities, it adds beauty and ecological value to any landscape.

Catalpa speciosa | **Northern Catalpa** 🌿 🌿 2.0-4.0"

Height: 50' | **Spread:** 40' | **Shape:** Oval Rounded | **Growth Rate:** Fast
Foliage: Green | **Fall Color:** Yellow | **Flower:** White Clusters | **Fruit:** Long Pods
Distinctive Features: Large heart-shaped leaves with showy white flowers

Catalpa speciosa - The Catalpa is a large native tree that grows fast with bright green, heart shaped foliage that turns yellow in the fall. The tree also has 4-8" white flowers in the spring followed by long pencil-like fruit pods. Another "Tried & True" favorite of ours!

GROWER'S NOTE: Growing Catalpas can be challenging. They come to us as young whips without any branching. They quickly put on caliper, so we have to stay vigilant on pruning them in the first few years. Usually by the second season, they have already grown enough to be harvested and sold. We like the Northern Catalpa because it is a challenge to grow and yields a quick reward. Growing this Midwest native keeps our job interesting!

Catalpa speciosa 'Hiawatha 2' | **Heartland Northern Catalpa** 🌿 🌿 2.0-4.0"

Height: 50' | **Spread:** 25' | **Shape:** Upright Oval | **Growth Rate:** Fast
Foliage: Dark Green | **Fall Color:** Yellow | **Flower:** White Clusters
Fruit: Long Pods | **Distinctive Features:** Smaller version of the straight species with darker green foliage

Catalpa speciosa 'Hiawatha 2' - The Heartland Northern Catalpa was developed by J. Frank Schmidt Nursery. This Northern Catalpa cultivar was selected for its uniform branching, upright form, and darker green leaves. A "grower friendly tree" in the nursery, it makes an excellent addition to parks or city streets.

Catalpa x erubescens 'Purpurea' | **Purple Catalpa** 2.0-4.0"

Height: 30' | **Spread:** 30' | **Shape:** Rounded | **Growth Rate:** Fast
Foliage: Purple in Spring, Green in Summer | **Fall Color:** Yellow | **Flower:** White Clusters | **Fruit:** Long Pods | **Distinctive Features:** Purple leaves in the spring followed by yellow-white flowers

Catalpa x erubescens 'Purpurea' - The Purple Catalpa leafs out in the spring with beautiful purple-black new growth. Large white flowers are showy in late summer as the foliage transitions to a dark bronze-green.

Celtis occidentalis | **Common Hackberry** 🌿 🌿 2.0-4.0"

Height: 60' | **Spread:** 50' | **Shape:** Rounded | **Growth Rate:** Fast
Foliage: Bright Green | **Fall Color:** Yellow | **Flower:** Insignificant
Fruit: Purple-Black Small Drupe | **Distinctive Features:** Tough, adaptable native with attractive textured bark

Celtis occidentalis - The Common Hackberry is a dependable native shade tree that tolerates a wide range of conditions. The textured bark adds interest to the landscape. A "Tried & True" favorite of ours!

GROWER'S NOTE: The Common Hackberry is a challenge for any grower. Challenge accepted here at the nursery! We love to watch it take shape in our fields. Each Hackberry needs a little special attention, but with proper prune timing and our great soils, this Midwest native takes its place near the top of our "favorite" tree list.

DECIDUOUS TREES

Cercis canadensis | **Eastern Redbud** 🌱 | 6-10' & 2.0-3.0"

Height: 25' | **Spread:** 30' | **Shape:** Rounded, Spreading | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Yellow | **Flower:** Purple-Pink in Early Spring
Fruit: Small Papery Pods | **Distinctive Features:** Early spring flowers pop along branches before the leaves

Cercis canadensis - The Eastern Redbud is a native favorite in the landscape. The heart-shaped leaves turn yellow in the fall. In the spring, the tree is covered with pink and purple flowers along the branches. The smooth gray bark and branching pattern adds winter interest, as well. All of these seasonal interests along with good performance in the nursery make it a "Tried & True" favorite of ours!

GROWER'S NOTE: The Midwest native Eastern Redbud is an understory tree that grows vigorously in our fields. Over the years, we have watched Redbuds thrive in drought seasons as well as rainy spells. It doesn't seem to miss a beat with extreme temperature fluctuations either. We grow both single trunk and multi-stem specimens. Each tree is truly unique from the next, and the character of this species really stands out.

DID YOU KNOW?

The temperature under a shade tree can be up to 20 degrees cooler than surrounding unshaded areas!

Cercis canadensis 'Midnight Express'
Midnight Express Eastern Redbud 🌱 | 6-10' & 2.0-3.0"

Height: 25' | **Spread:** 15' | **Shape:** Rounded | **Growth Rate:** Medium
Foliage: Rich Burgundy | **Fall Color:** Rich Burgundy | **Flower:** Pink | **Fruit:** Small, papery pods | **Distinctive Features:** Vibrant spring blooms with burgundy foliage

Cercis canadensis 'Midnight Express' - Midnight Express Redbud offers stunning year-round appeal with vibrant pink spring blooms and rich burgundy foliage that lasts throughout the growing season. This adaptable North American native cultivar adds bold color and texture to any landscape, making it a standout choice.

DECIDUOUS TREES

Cercis canadensis 'Northern Lites'
Northern Lites Eastern Redbud 🌱 | 6-10' & 2.0-3.0"

Height: 20' | **Spread:** 25' | **Shape:** Rounded | **Growth Rate:** Medium
Foliage: Dark green | **Fall Color:** Yellow | **Flower:** Hot Pink | **Fruit:** Small, papery pods | **Distinctive Features:** Hardy redbud with vibrant pink blooms

Cercis canadensis 'Northern Lites' - Northern Lites Redbud is a hardy ornamental tree showcasing hot pink blooms in early spring and heart-shaped, green foliage that emerges coppery-bronze, then turns yellow in fall. With its striking texture and low-maintenance nature, this multi-stemmed tree provides year-round beauty while typically remaining unbothered by deer.

📷 Photo credit J. Frank Schmidt Nursery

Cercis canadensis 'Ruby Falls' | **Ruby Falls Eastern Redbud** 🌱 | 6-10' & 2.0-3.0"

Height: 6' | **Spread:** 4' | **Shape:** Weeping | **Growth Rate:** Medium
Foliage: Purple | **Fall Color:** Green | **Flower:** Reddish-purple | **Fruit:** Small, papery pods | **Distinctive Features:** Compact weeping redbud with bold maroon leaves

Cercis canadensis 'Ruby Falls' - 'Ruby Falls' redbud is a compact weeping tree, showcasing dark maroon-red, heart-shaped leaves and an abundance of dark rose flowers that bloom before the foliage emerges. Ideal for small gardens as a specimen or accent, this tree adds dramatic color and year-round ornamental appeal.

📷 Photo credit J. Frank Schmidt Nursery

Cladrastis kentukea | **Yellowwood** 🌱 | 2.0-4.0"

Height: 30' | **Spread:** 40' | **Shape:** Rounded | **Growth Rate:** Medium | **Foliage:** Bright Green | **Fall Color:** Bright Yellow | **Flower:** Fragrant White Cascades
Fruit: 2-4" Pod | **Distinctive Features:** Outstanding small tree with smooth grey bark and delicate spring flowers

Cladrastis kentukea - Yellowwood is a pollinator loving tree with a smooth bark and large hanging clusters of fragrant white flowers. Perfect for shade in small to medium sized landscapes.

GROWER'S NOTE: Yellowwood starts growing slowly in our nursery. It takes some patience to get the top to fill in, but once it has a few years to establish itself the Yellowwood ends up finishing as a unique specimen. The tropical feel of the bluish-green foliage set against the smooth dark bark catches your eye in the nursery.

DECIDUOUS TREES

Cornus alternifolia | **Pagoda Dogwood** 🌿 4-8'

Height: 20' | **Spread:** 20' | **Shape:** Rounded | **Growth Rate:** Medium
Foliage: Dark Green | **Fall Color:** Dark Red | **Flower:** White | **Fruit:** Blue-Black
 Drupes | **Distinctive Features:** Horizontal layered look with dark red fall color

Cornus alternifolia - The Pagoda Dogwood is striking in every season with white spring flowers, blue and black fruits, and red fall color. The horizontal branching adds architectural interest to the landscape.

Cornus mas 'Golden Glory' | **Golden Glory Corneliancherry Dogwood** 2.0-4.0"

Height: 20' | **Spread:** 15' | **Shape:** Upright Oval | **Growth Rate:** Slow
Foliage: Dark Green, Glossy | **Fall Color:** Red | **Flower:** Yellow | **Fruit:** Bright
 Red Oblong Drupes | **Distinctive Features:** Early Spring Yellow Flowers

Cornus mas 'Golden Glory' - Golden Glory Corneliancherry Dogwood is a beautiful specimen with multiple season interest. Yellow flowers pop before the leaves in early March, followed by bright red edible fruits that attract birds. The glossy green foliage turns red in the fall.

Corylus corlurna | **Turkish Hazel Filbert** 2.0-4.0"

Height: 45' | **Spread:** 25' | **Shape:** Pyramidal | **Growth Rate:** Slow
Foliage: Green | **Fall Color:** Yellow | **Flower:** Catkins | **Fruit:** Hazelnuts
Distinctive Features: Textured bark

Corylus corlurna - The Turkish Hazel Filbert thrives in adverse conditions, including drought. It is windproof and has clean foliage with catkins in the spring. It is free of pest and disease problems and adapts well to a wide range of pH soils. The attractive furrowed bark is another great feature of this tree.

DECIDUOUS TREES

Crataegus crusgalli v. *inermis* | **Thornless Cockspur Hawthorn** 🌿 6-10' & 2.0-3.0"

Height: 25' | **Spread:** 25' | **Shape:** Rounded, Spreading | **Growth Rate:** Medium
Foliage: Dark Green, Glossy | **Fall Color:** Purple-Red | **Flower:** White
Fruit: Red Berries | **Distinctive Features:** Glossy green leaves all summer turn to a colorful fall display

Crataegus crusgalli v. *inermis* - The Thornless Cockspur Hawthorn is an attractive small tree with white spring flowers & red fall fruits. The glossy green foliage turns purple-red in the fall and the widespread grayish branches add interest in the winter landscape.

Crataegus virdis 'Winter King' | **Winter King Hawthorn** 🌿 2.0-4.0"

Height: 20' | **Spread:** 25' | **Shape:** Wide Vase Shape Spreading
Growth Rate: Medium | **Foliage:** Dark Green, Glossy | **Fall Color:** Orange
Flower: White | **Fruit:** Orange-Red Berry Clusters | **Distinctive Features:** Bright orange berry cluster in winter

Crataegus virdis 'Winter King' - Winter King Hawthorn, one of the best Hawthorns, has four seasons of interest. White flowers in the spring are followed by orange berry clusters in the fall. The fruits hold on into the winter and the striking architecture of the branches is accented by the silvery exfoliating bark.

Fagus grandiflora | **American Beech** 🌿 2.0-4.0"

Height: 80' | **Spread:** 80' | **Shape:** Spreading | **Growth Rate:** Slow
Foliage: Dark Green | **Fall Color:** Russet-golden | **Flower:** Yellow-green
Fruit: Prickly bur containing an edible beechnut | **Distinctive Features:** Stately shade tree with silver bark & dense canopy

Fagus grandiflora - The American beech is a slow-growing, yet versatile tree. This large native tree is celebrated for its stately form, wide-spreading canopy, and massive silver-gray bark, with dark green summer foliage that transforms into a stunning golden-bronze display persisting into winter.

DECIDUOUS TREES

Gleditsia triacanthos 'JFS GMorgenson1' | **Northern Sentinel Honeylocust** 🌱 2.0-4.0"

Height: 45' | **Spread:** 25' | **Shape:** Upright Oval | **Growth Rate:** Fast
Foliage: Green | **Fall Color:** Yellow | **Flower:** Greenish-Yellow, Insignificant
Fruit: Virtually Seedless | **Distinctive Features:** Narrow habit with good storm resistance

Gleditsia triacanthos 'JFS GMorgenson1' - Northern Sentinel Honeylocust has a narrow, upright growth habit which makes this selection resistant to storm damage. This new cultivar from J. Frank Schmidt Nursery is a great street tree selection.

Gleditsia triacanthos 'Skycole' | **Skyline Honeylocust** 🌳 🌱 2.0-4.0"

Height: 45' | **Spread:** 35' | **Shape:** Broadly Pyramidal | **Growth Rate:** Fast
Foliage: Green | **Fall Color:** Yellow | **Flower:** Greenish-Yellow, Insignificant
Fruit: Virtually Seedless | **Distinctive Features:** Adaptable tree with strong central leader.

Gleditsia triacanthos 'Skycole' - Skyline Honeylocust has tiny bright green leaves and adds a fine-textured appearance to the landscape. It turns a brilliant yellow in the fall and has terrific urban tolerance.

This industry standard variety responds well to our growing conditions. Skyline is very resilient and wants to reach for the sky with little training. We have to stay on top of the vigorous growth and generally prune our Honeylocust blocks several times a season to stay ahead of their top growth and make sure the tops stay in proportion to their caliper. Truly a grower's tree, this tree is nothing flashy but always gets the job done!

Gleditsia triacanthos 'Street Keeper' | **Street Keeper Honeylocust** 🌱 2.0-4.0"

Height: 45' | **Spread:** 20' | **Shape:** Narrow, Upright | **Growth Rate:** Fast
Foliage: Dark Green | **Fall Color:** Yellow | **Flower:** Greenish-Yellow, Insignificant
Fruit: Occasional Pods | **Distinctive Features:** Deeper green foliage with narrow, upright habit

Gleditsia triacanthos 'Street Keeper' - Street Keeper Honeylocust is a narrow urban friendly variety developed by J. Frank Schmidt Nursery. The foliage is a deeper green than others, and it is a perfect choice for an urban tolerant shade tree.

SGN LEGEND: 🌿 **Chicagoland Grows**® | 🌳 **Tried & True Selections** | 🌱 **Midwest Native**

DECIDUOUS TREES

Gymnocladus dioicus | **Kentucky Coffee Tree** 🌿🌿 2.0-4.0"

Height: 50' | **Spread:** 35' | **Shape:** Oval to Vase Shaped | **Growth Rate:** Medium
Foliage: Dark Green | **Fall Color:** Yellow | **Flower:** Greenish-White, Insignificant
Fruit: Leathery 5-10" Pods on Females | **Distinctive Features:** Excellent Urban Tolerance

Gymnocladus dioicus – Kentucky Coffee Tree is adaptable to a wide range of conditions. This tree also adds great texture to the landscape, and the distinctive branching stands out while the tropical-like foliage adds even more interest.

Gymnocladus dioicus 'Espresso-JFS' | **Espresso Kentucky Coffee Tree** 🌿🌿 2.0-4.0"

Height: 50' | **Spread:** 35' | **Shape:** Oval to Vase Shaped | **Growth Rate:** Medium
Foliage: Dark Bluish-Green | **Fall Color:** Yellow | **Flower:** Greenish-White, Insignificant | **Fruit:** Seedless | **Distinctive Features:** Attractive doubly compound leaves

Gymnocladus dioicus 'Espresso-JFS' - Espresso Kentucky Coffee Tree has large double compound leaves and adds a tropical feel to the landscape. This tree is tolerant of all conditions and is a seedless variety. Espresso Kentucky Coffeetree is one of our "Tried & True" favorites!

Gymnocladus dioicus 'Morton' | **Skinny Latte Kentucky Coffee Tree** 🌿🌿 2.0-4.0"

Height: 50' | **Spread:** 18' | **Shape:** Narrow Vase, Columnar
Growth Rate: Medium | **Foliage:** Dark Green | **Fall Color:** Yellow
Flower: Greenish-Yellow, Insignificant | **Fruit:** Seedless
Distinctive Features: Chicagoland Grows selection with narrow canopy

Gymnocladus dioicus 'Morton' - Skinny Latte Kentucky Coffee Tree is nearly columnar. This new & stately Kentucky Coffee Tree selection was discovered at the Morton Arboretum and introduced through the Chicagoland Grows program. The seedless and narrow features of this cultivar make it worthy of consideration in the landscape!

DECIDUOUS TREES

Gymnocladus dioicus 'UMN-Synergy' | **True North Kentucky Coffee Tree** 🌿 2.0-4.0"

Height: 60' | **Spread:** 30' | **Shape:** Upright Oval | **Growth Rate:** Medium
Foliage: Dark Bluish-Green | **Fall Color:** Yellow | **Flower:** Greenish-White, Insignificant | **Fruit:** Seedless
Distinctive Features: Textured bark complimented by bluish-green foliage

Gymnocladus dioicus 'UMN-Synergy' - True North Kentucky Coffee Tree is a tough, adaptable Kentucky Coffee Tree cultivar with superior branch structure developed at University of Minnesota. The foliage adds dappled shade in the summer and turns bright yellow in the fall. The coarse bark stands out in the winter landscape.

Hamamelis vernalis | **Vernal Witchhazel** 4'-8'

Height: 8' | **Spread:** 8' | **Shape:** Round | **Growth Rate:** Slow
Foliage: Bronze in Spring, Green in Summer | **Fall Color:** Orange-Yellow
Flower: Yellow Flowers in Early Spring | **Fruit:** Capsule
Distinctive Features: Early spring yellow blooms

Hamamelis vernalis - Vernal Witchhazel boasts fragrant yellow flowers that appear in the winter between Jan-Mar and bloom on old wood. A unique time of year to find delicate flowers in the landscape!

Hamamelis virginiana | **Common Witchhazel** 🌿 2.0-4.0"

Height: 20' | **Spread:** 20' | **Shape:** Round | **Growth Rate:** Slow | **Foliage:** Dark Green | **Fall Color:** Bright Yellow | **Flower:** Yellow Flowers in Late Fall
Fruit: Capsule | **Distinctive Features:** Late fall yellow blooms

Hamamelis virginiana - Common Witchhazel is a native shrub offering attractive yellow leaves and fragrant flowers in autumn. It blooms at a time when not many other plants are blooming and is an excellent plant for naturalized settings.

DECIDUOUS TREES

Hydrangea paniculata 'Limelight' | **Limelight Hydrangea** 2.0-4.0"

Height: 8' | **Spread:** 8' | **Shape:** Compact, Round | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Red | **Flower:** Bright Lime-Green Large Flowers
Fruit: Capsule | **Distinctive Features:** Enormous flowers that look great all season

Hydrangea paniculata 'Limelight' - Limelight Hydrangea has beautiful lime-green blooms at eye level that pop in the summer landscape. The blooms hold well into the winter adding another level of texture to the garden. This Proven Winners specimen is a grafted shrub on a standard and stays small, making it ideal for tight spots.

Liquidambar styraciflua 'Moraine' | **Moraine Sweetgum** 2.0-4.0"

Height: 50' | **Spread:** 25' | **Shape:** Broad Oval | **Growth Rate:** Medium
Foliage: Dark Green, Glossy | **Fall Color:** Orange, Red, and Purple
Flower: Insignificant | **Fruit:** One Spiked Capsule | **Distinctive Features:** Most cold hardy variety with outstanding fall color

Liquidambar styraciflua 'Moraine' - Moraine Sweetgum is a cold hardy variety with fantastic fall color. The glossy green star-shaped leaves turn burgundy-red to yellow in the fall.

Liquidambar styraciflua 'Worplesdon' | **Worplesdon Sweetgum** 2.0-4.0"

Height: 60' | **Spread:** 40' | **Shape:** Broadly Pyramidal | **Growth Rate:** Medium
Foliage: Dark Green, Glossy | **Fall Color:** Orange, Red, and Purple
Flower: Insignificant | **Fruit:** 1" Spike Capsule | **Distinctive Features:** Range of colors in the fall

Liquidambar styraciflua 'Worplesdon' - Worplesdon Sweetgum is a good choice for a cold hardy Sweetgum. This variety puts on a spectacular fall show, shining with a myriad of bright colors. The glossy green star shaped leaves compliment the smooth gray bark.

DECIDUOUS TREES

Liriodendron tulipifera | **Tulip Tree** 2.0-4.0"

Height: 60' | **Spread:** 30' | **Shape:** Oval | **Growth Rate:** Fast | **Foliage:** Green
Fall Color: Green | **Flower:** Large Yellow-Green Flowers with Orange Center
Fruit: Cone-Like Samara | **Distinctive Features:** Stately shade tree

Liriodendron tulipifera - The Tulip Tree is a terrific native tree with large spring blooms. The yellow flowers have an orange center and resemble a tulip. The tree grows fast and has big bright green leaves.

Liriodendron tulipifera 'JFS-Oz' | **Emerald City Tulip Tree** 2.0-4.0"

Height: 55' | **Spread:** 25' | **Shape:** Upright Oval | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Bright Yellow | **Flower:** Yellow- Green Flowers in Spring | **Fruit:** Cone-Like Samaras | **Distinctive Features:** Narrow selection of native Tulip Tree

Liriodendron tulipifera 'JFS-Oz' - Emerald City Tulip Tree is a refined cultivar developed by J. Frank Schmidt Nursery. It is more uniform and upright than the straight species, and is complimented by a dominant central leader and deeper glossy green foliage.

Maackia amurensis | **Amur Maackia** 2.0-4.0"

Height: 25' | **Spread:** 20' | **Shape:** Upright Vase | **Growth Rate:** Slow
Foliage: Green | **Fall Color:** Yellow | **Flower:** White Flowers in Late Summer
Fruit: 2-3" Long Pod | **Distinctive Features:** Attractive white flowers and bronze bark - nitrogen fixer

Maackia amurensis - Amur Maackia is a compact and rounded tree. It is well suited in tough conditions for its flood and drought tolerance.

DECIDUOUS TREES

Maclura pomifera 'White Shield' | **White Shield Osage Orange** 🍷 2.0-4.0'

Height: 35' | **Spread:** 35' | **Shape:** Upright Spreading | **Growth Rate:** Fast
Foliage: Dark Green, Glossy | **Fall Color:** Yellow | **Flower:** Insignificant
Fruit: Fruitless | **Distinctive Features:** Tough and adaptable

Maclura pomifera 'White Shield' - White Shield Osage Orange is tough as nails. This genus can thrive in areas most trees cannot and was developed at J. Frank Schmidt Nursery. The glossy green foliage turns yellow in the fall. Unlike the genus, this cultivar does not bear fruit or thorns.

Magnolia acuminata 'Butterflies' | **Butterflies Magnolia** 4'-10'

Height: 20' | **Spread:** 15' | **Shape:** Upright Round | **Growth Rate:** Medium
Foliage: Green, Glossy | **Fall Color:** Orange-Brown | **Flower:** Large Yellow
Fruit: Pinkish Cucumber Shaped Pod | **Distinctive Features:** Deep yellow flowers set against smooth gray bark

Magnolia acuminata 'Butterflies' – Butterflies Magnolia is one of the best Magnolias. The outstanding yellow spring flowers are 4-5" in size, making this an excellent small tree in the landscape!

Magnolia x loebneri 'Leonard Messel' | **Leonard Messel Magnolia** 4'-10'

Height: 20' | **Spread:** 18' | **Shape:** Upright Oval | **Growth Rate:** Medium
Foliage: Dark Green | **Fall Color:** Yellow | **Flower:** Star-like pink & white flowers
Fruit: Small, cone-like fruits | **Distinctive Features:** Compact, hardy magnolia with vibrant pink-white blooms

Magnolia x loebneri 'Leonard Messel' – Leonard Messel Magnolia is a compact, multi-stemmed tree with abundant pink & white spring flowers. This hardy hybrid offers a striking ornamental accent to the landscape.

DECIDUOUS TREES

Malus 'JFS-KW213MX' | **Raspberry Spear Crabapple** 🍷 🌱 2.0-4.0"

Height: 20' | **Spread:** 8' | **Shape:** Upright | **Growth Rate:** Medium
Foliage: Purple | **Fall Color:** Orange-Red | **Flower:** Bright Magenta
Fruit: Maroon, 1/2" | **Distinctive Features:** Deep pink flowers with tight form

Malus 'JFS-KW213MX' - Raspberry Spear Crabapple is a J. Frank Schmidt Nursery introduction featuring bright pink flowers. The foliage holds its dark purple color throughout the summer and remains disease-free. The upright columnar form makes it an excellent choice for tight spots where you need a pop of color.

Malus 'JFS-KW5' | **Royal Raindrops Crabapple** 🍷 🌱 4'-10' & 2.0"-4.0"

Height: 25' | **Spread:** 15' | **Shape:** Upright Spreading | **Growth Rate:** Medium
Foliage: Purple | **Fall Color:** Orange-Red | **Flower:** Hot Pink | **Fruit:** Red, 1/4"
Distinctive Features: Purple flowers pop against purple cut-leaf foliage

Malus 'JFS-KW5' - Royal Raindrops Crabapple explodes with hot pink flowers in the spring. The beautiful purple cutleaf foliage looks great all season. This is our favorite pink flowering Crabapple and warrants our "Tried & True" status!

GROWER'S NOTE: Royal Raindrops is one of our favorite pink flowering Crabapple varieties. We love the clean foliage which looks healthy & disease-free all season. The hot pink flowers glow from across the field in the spring. The canopy grows in a very uniform round shape.

Malus 'Profusion' | **Profusion Crabapple** 🍷 🌱 4'-10' & 2.0"-4.0"

Height: 20' | **Spread:** 20' | **Shape:** Rounded | **Growth Rate:** Medium
Foliage: Purple | **Fall Color:** Purple | **Flower:** Pink | **Fruit:** ?
Distinctive Features: ?

Malus 'Profusion' - A beautiful selection with bright pink spring flowers followed by purple summer foliage. A unique ornamental selection for the landscape.

Malus 'Schmidcutleaf' | **Golden Raindrops Crabapple** 🌱 2.0-4.0"

Height: 20' | **Spread:** 15' | **Shape:** Upright, Vase Shaped | **Growth Rate:** Fast
Foliage: Green | **Fall Color:** Orange | **Flower:** White | **Fruit:** Yellow, 1/4"
Distinctive Features: Green cut-leaf foliage with colorful yellow fall fruits

Malus 'Schmidcutleaf' - Golden Raindrops Crabapple has white spring flowers with beautiful bright green cutleaf foliage. This variety was developed by J. Frank Schmidt Nursery and looks great all season.

Malus 'Shotizam' | **ShowTime Crabapple** 🌱 2.0-4.0"

Height: 22' | **Spread:** 20' | **Shape:** Broadly Oval | **Growth Rate:** Medium
Foliage: Purple | **Fall Color:** Bronze | **Flower:** Bright Pink | **Fruit:** Red, 1/2"
Distinctive Features: Abundant spring hot pink flowers

Malus 'Shotizam' - The ShowTime Crabapple is a vigorous grower covered in bright pink spring flowers. The purple-green foliage adds great color to the landscape all season.

When I am among the trees . . .
 they give off such hints of gladness.
 I would almost say that they save me, and daily.
 ~ Mary Oliver

DECIDUOUS TREES

Malus 'Spring Snow' | **Spring Snow Crabapple** 🍏 | 2.0-4.0"

Height: 25' | **Spread:** 22' | **Shape:** Dense, Oval | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Yellow | **Flower:** White | **Fruit:** Fruitless
Distinctive Features: Truly fruitless with nice form

Malus 'Spring Snow' - Spring Snow Crabapple is covered with white spring flowers and bright green leaves. The most popular feature is that it is a fruitless variety.

Malus sargentii 'Tina' | **Sargent Tina Crabapple** 🍏 | 2.0-4.0"

Height: 5' | **Spread:** 6' | **Shape:** Dwarf | **Growth Rate:** Medium | **Foliage:** Green
Fall Color: Yellow | **Flower:** Red Buds Open to White Flowers
Fruit: Bright Red, 1/4" | **Distinctive Features:** Dwarf selection with spreading branches

Malus sargentii 'Tina' - The Sargent Tina Crabapple is a petite tree grown as a top graft. When the profuse flowers burst in the spring it makes quite a statement.

Malus x 'Jeflite' | **Starlite Crabapple** 🍏 🍏 | 4'-10' & 2.0"-4.0"

Height: 20' | **Spread:** 15' | **Shape:** Rounded | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Yellow | **Flower:** White | **Fruit:** Bright red, 1/3"
Distinctive Features: Compact urban tree with vivid seasonal color

Malus x 'Jeflite' - A compact, cold-hardy tree with fragrant white spring blooms followed by red pomes and a yellow fall color. Perfect for tight urban spaces, it features a rounded, dense canopy, excellent disease resistance, and adaptability to a variety of soils.

DECIDUOUS TREES

Malus x adstringens 'Durleo' | **Gladiator Crabapple** 🍏 🍏 | 4'-8'

Height: 20' | **Spread:** 9' | **Shape:** Upright Oval | **Growth Rate:** Medium
Foliage: Purple | **Fall Color:** Bronze | **Flower:** Bright Pink
Fruit: Red-Purple, 1/4" | **Distinctive Features:** Bright pink flowers with narrow form

Malus x adstringens 'Durleo' - Gladiator Crabapple was selected from an old favorite, Royalty Crabapple. Developed through the First Editions program at Bailey Nurseries, this cultivar boasts bright pink spring flowers and dark purple leaves. The upright oval form makes it a great choice under power lines or as a small ornamental tree in the landscape.

Metasequoia glyptostroboides | **Dawn Redwood** | 2.0-4.0"

Height: 75' | **Spread:** 25' | **Shape:** Narrow, Conical | **Growth Rate:** Fast
Foliage: Green, Deciduous Conifer | **Fall Color:** Orange-Brown
Flower: Insignificant | **Fruit:** Small Cones | **Distinctive Features:** Fern-like feathery foliage with distinctive reddish-brown bark

Metasequoia glyptostroboides - Dawn Redwood is a fast growing deciduous conifer with bright green needles and a rusty orange fall color. The texture this tree provides to the landscape is unmatched!

Nyssa sylvatica 'David Odom' | **Afterburner Black Tupelo** 🍏 | 2.0-4.0"

Height: 35' | **Spread:** 20' | **Shape:** Upright Pyramidal | **Growth Rate:** Slow to Medium | **Foliage:** Green, Glossy | **Fall Color:** Orange-Red
Flower: Insignificant | **Fruit:** Blue-Black Drupes
Distinctive Features: Long-lasting stunning red fall color

Nyssa sylvatica 'David Odom' - Afterburner Black Tupelo is a native selection that offers spectacular fall colors. The explosion of red, yellow, & orange can appear all over the tree in the fall. This variety was selected for its symmetrical and uniform shape.

SGN LEGEND: 🌿 **Chicagoland Grows**® | 🍏 **Tried & True Selections** | 🍏 **Midwest Native**

Ostrya virginiana | **American Hophornbeam** 🍂 2.0-4.0"

Height: 30' | **Spread:** 20' | **Shape:** Upright Oval | **Growth Rate:** Slow
Foliage: Dark Green | **Fall Color:** Yellow | **Flower:** Catkins | **Fruit:** Nutlet
Distinctive Features: Beautiful native with interesting hop-like fruits

Ostrya virginiana - American Hophornbeam is a small tree native tree that bears hop-like fruit and has a bright yellow fall color. It is tolerant of dry, acidic, & alkaline soils making it a good choice for lawns, parks, and naturalized areas. *Ostrya* is an effective pollinator and supports our local habitat!

Ostrya virginiana 'JFS-KW5' | **Autumn Treasure Hophornbeam** 🍂 2.0-4.0"

Height: 40' | **Spread:** 20' | **Shape:** Upright Pyramidal to Oval
Growth Rate: Slow | **Foliage:** Dark Green | **Fall Color:** Yellow | **Flower:** Catkins
Fruit: Nutlet | **Distinctive Features:** Uniform upright shape with dark green leaves

Ostrya virginiana 'JFS-KW5' - Autumn Treasure Hophornbeam, a J. Frank Schmidt Nursery introduction, is a perfect city tree that is narrow and adaptable. This nativar is improved from the straight species to grow with more uniform branching.

DECIDUOUS TREES

Platanus x acerifolia 'Morton Circle' | **Exclamation! London Planetree** 🌿 🍂 2.0-4.0"

Height: 55' | **Spread:** 35' | **Shape:** Upright Pyramidal | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Bright Yellow | **Flower:** Insignificant | **Fruit:** Seed Ball, Insignificant | **Distinctive Features:** Chicagoland Grows selection with distinctive mottled white & tan bark

Platanus x acerifolia 'Morton Circle' - Exclamation! London Planetree was introduced by the Chicagoland Grows program. It has a strong central leader and performs well on city streets. Exclamation! is anthracnose and powdery mildew resistant. It earns our "Tried & True" designation!

GROWER'S NOTE: This Chicagoland Grows tree basically grows itself in our fields. It quickly takes shape and develops a full and even canopy. Exclamation! is one of the fastest growing trees in our rotation. At a young age in the field it can sometimes be a challenge to keep the vigorous top growth in check before the trunk has a chance to catch up. But in the end, it always finishes with a picture perfect form and makes quite a statement!

Platanus x acerifolia 'Morton Naper' | **Monumental London Planetree** 2.0-4.0"

Height: 60' | **Spread:** 45' | **Shape:** Broadly Pyramidal | **Growth Rate:** Fast
Foliage: Green | **Fall Color:** Yellow | **Flower:** Insignificant | **Fruit:** Seed Ball, Insignificant | **Distinctive Features:** Bold, symmetrical tree with dramatic seasonal bark

Platanus x acerifolia 'Morton Naper' - Monumental London planetree features a strong, straight central leader with upright branches forming a dense, symmetrical, broadly pyramidal canopy. Its green foliage provides consistent cover throughout the growing season, turning vibrant yellow in fall to reveal striking light gray, exfoliating bark that transitions to bright white in winter, offering year-round landscape interest. This variety was selected through the Chicagoland Grows program at Morton Arboretum.

Friendship is a sheltering tree.
 ~Samuel Taylor Coleridge

DECIDUOUS TREES

Populus tremuloides | **Quaking Aspen** 🌿 2.0-4.0"

Height: 30' | **Spread:** 15' | **Shape:** Narrow, Pyramidal | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Bright Yellow | **Flower:** Catkins | **Fruit:** Capsule
Distinctive Features: Striking silvery-gray bark with leaves that flutter in the wind

Populus tremuloides - Quaking Aspen is a narrow to oval tree that adds a bright splash of yellow color to the fall landscape. The silvery gray bark shines in the winter, and when the leaves tremble in the breeze they are a delight.

Populus tremuloides 'NE-Arb' | **Prairie Gold Aspen** 🌿 2.0-4.0"

Height: 40' | **Spread:** 15' | **Shape:** Narrow Oval to Pyramidal
Growth Rate: Fast | **Foliage:** Bright Green | **Fall Color:** Yellow
Flower: Catkins | **Fruit:** Capsule | **Distinctive Features:** Excellent yellow fall color

Populus tremuloides 'NE-Arb' - Prairie Gold Aspen was developed in cooperation between the Nebraska State Arboretum and J. Frank Schmidt Nursery. The variety was selected for its adaptability to the heat, drought, and humidity of the Midwestern prairie landscape.

📷 Photo credit J Frank Schmidt & Son Co.

Populus tremuloides 'Summer Shimmer' | **Summer Shimmer Aspen** 🌿 2.0-4.0"

Height: 50' | **Spread:** 40' | **Shape:** Pyramidal | **Growth Rate:** Fast
Foliage: Green | **Fall Color:** Gold | **Flower:** Catkins | **Fruit:** Capsule
Distinctive Features: Hardy aspen with two-tone quaking foliage & radiant fall color

Populus tremuloides 'Summer Shimmer' - Summer Shimmer Quaking Aspen is a hardy, medium-sized deciduous tree with striking two-tone quaking foliage, beautiful white bark, and radiant golden fall color, all showcased on a graceful, pyramidal single-trunk form.

DECIDUOUS TREES

Prunus incisa 'Little Twist' | **Little Twist Cherry** 2.0-4.0"

Height: 8' | **Spread:** 8' | **Shape:** Round, Top Grafted | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Maroon | **Flower:** White with Pink Centers
Fruit: Insignificant | **Distinctive Features:** Bell-shaped flowers adorn this compact dwarf tree

Prunus incisa 'Little Twist' - Little Twist Cherry is a Carlton Plants introduction that comes from the Fuji Cherry. Its stems and shoots have a unique zigzag appearance. The tight clustered white spring flowers are bell-shaped with pink centers, and the foliage turns a rich maroon in the fall. Little Twist is grafted on a 3-4" standard.

Prunus sargentii 'JFS-KW58' | **Pink Flair Cherry** 2.0-4.0"

Height: 25' | **Spread:** 15' | **Shape:** Upright Vase Shaped | **Growth Rate:** Medium
Foliage: Dark Green | **Fall Color:** Orange-Red | **Flower:** Pink | **Fruit:** Blue-Black Drupes | **Distinctive Features:** Pink flowers are showy against the shiny dark bark

Prunus sargentii 'JFS-KW58' - Pink Flair Cherry is another worthy J. Frank Schmidt introduction. It is a narrow and compact tree well suited for the urban landscape. Pink Flair is a hardy choice because it avoids frost damage by flowering a bit later than other cherries. The fall color is orange-red and the handsome deep cherry colored bark gives winter interest. The tree is covered in delightful pink spring flowers.

Prunus virginiana 'Canada Red' | **Canada Red Chokecherry** 🌿 2.0-4.0"

Height: 25' | **Spread:** 20' | **Shape:** Broadly Pyramidal | **Growth Rate:** Fast
Foliage: Green in Spring, Purple in Summer | **Fall Color:** Purple
Flower: White | **Fruit:** Red | **Distinctive Features:** Long white flowers in the spring with the green leaves which quickly change to dark purple

Prunus virginiana 'Canada Red' - Canada Red Chokecherry is a very cold hardy and colorful Cherry. This variety has new green spring foliage that turns to deep purple as the season warms up. The white flowers in the spring appear in a long plume, and this tree shows good pest resistance. The tree is covered in delightful pink spring flowers.

Quercus alba | **White Oak** 🍂 2.0-4.0"

Height: 60' | **Spread:** 60' | **Shape:** Rounded | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Deep Red | **Flower:** Catkin, Insignificant
Fruit: 3/4"-1" Acorn | **Distinctive Features:** Majestic shbaldade tree, one of the nicest Oaks and the state tree of Illinois

Quercus alba - White Oak is the state tree of Illinois. This majestic native develops a stately appearance. It can tolerate drought and salt, but not flooding.

Quercus bicolor 'Bonnie and Mike' | **Beacon Oak** 🍂 2.0-4.0"

Height: 45' | **Spread:** 15' | **Shape:** Narrowly Columnar | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Yellow-Brown | **Flower:** Catkin, Insignificant
Fruit: 1" Acorn | **Distinctive Features:** Tightly columnar Q. bicolor variety selected by renowned plantsman Michael Durr

Quercus bicolor 'Bonnie and Mike' - The Beacon Oak, discovered by Dr. Michael Durr, is a tightly columnar tree that is adaptable to urban conditions. This selection of Swamp White Oak also offers glossy green leaves and nice yellow fall color.

Quercus bicolor | **Swamp White Oak** 🍂 2.0-4.0"

Height: 45' | **Spread:** 45' | **Shape:** Rounded | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Yellow-Brown | **Flower:** Catkin, Insignificant
Fruit: 1" Acorn | **Distinctive Features:** Beautiful in all seasons and has an interesting shaggy bark

Quercus bicolor - Swamp White Oak is a beautiful native Oak with attractive textured bark and glossy green foliage. It is well adapted to poor sites and has a vigorous growth rate. This is one of our "Tried & True" favorites!

GROWER'S NOTE: This Oak responds well to pruning & staking in the nursery. Out of all of the Oaks we grow, we work on Swamp White Oaks the most. As a young tree, it requires lots of staking, un-staking, and sometimes even staking again. But in the end, it always finishes strong and results in a beautiful specimen (unless it's still being stubborn- then you just need to be a little more patient!)

Quercus bicolor 'JFS-KW12' | **American Dream Oak** 🍂 2.0-4.0"

Height: 50' | **Spread:** 40' | **Shape:** Broadly Pyramidal | **Growth Rate:** Medium
Foliage: Green, Glossy | **Fall Color:** Yellow-Brown | **Flower:** Catkin, Insignificant
Fruit: 1" Acorn | **Distinctive Features:** Improved Q. bicolor cultivar selected for strong disease resistance, uniform branching, and fantastic textured bark

Quercus bicolor 'JFS-KW12' - American Dream Oak is a new Swamp White Oak cultivar developed by J. Frank Schmidt Nursery. It was selected for strong resistance to anthracnose and powdery mildew. As a grower, we love the branching consistency in the field. This is one of our "Tried & True" favorites!

GROWER'S NOTE: Like the name says - this Oak is a true dream to grow! American Dream Oak grows much more uniform for us in the nursery and finishes a little slower than the straight species. The foliage stays very clean, and the bark really stands out compared to other Oaks.

DECIDUOUS TREES

Quercus bicolor 'KB Crystal' | **K.B. Crystal Oak** 🌿 🍂 2.0-4.0"

Height: 40' | **Spread:** 20' | **Shape:** Oval | **Growth Rate:** Medium
Foliage: Green, Glossy | **Fall Color:** Yellow-Brown | **Flower:** Catkin, Insignificant
Fruit: 1" Acorn | **Distinctive Features:** Glossier leaves and smaller oval form than species

Quercus bicolor 'KB Crystal' - K.B. Crystal Oak was selected by Kris Bachtell at the Morton Arboretum as a new Q. bicolor cultivar for the Chicagoland Grow program. This variety was selected for the distinctive leaf gloss and overall uniform shape.

📷 Photo credit Morton Arboretum

Quercus imbricaria | **Shingle Oak** 🍂 🌿 2.0-4.0"

Height: 50' | **Spread:** 40' | **Shape:** Broadly Oval | **Growth Rate:** Medium
Foliage: Green, Glossy | **Fall Color:** Yellow-Brown to Russet
Flower: Catkin, Insignificant | **Fruit:** 1/2" Acorn
Distinctive Features: Majestic oak that is vigorous with long glossy leaves

Quercus imbricaria - Shingle Oak begins upright oval in form and turns rounded with age. The leaves have a long shape and turn russet-red in fall. It prefers moist, rich, and well drained acidic soil and can tolerate salt. This Oak is one of our "Tried & True" favorites!

GROWER'S NOTE: This fast growing oak is really eye-catching. Shingle Oak has oblong leaves that stand out among other Oaks in our fields. Virtually pest and disease free, we can count on this oak for the long haul. It is one of the quicker Oaks to come to market in our nursery.

DID YOU KNOW?

- Oak trees are considered a keystone species that supports hundreds of types of animals, birds, and insect.
- There are 20 species of oaks native to Illinois.
- Oak trees can live for between 150-250 years.

DECIDUOUS TREES

Quercus macrocarpa | **Bur Oak** 🌿 2.0-4.0"

Height: 55' | **Spread:** 45' | **Shape:** Broadly Oval | **Growth Rate:** Slow
Foliage: Dark Green | **Fall Color:** Yellow-Brown | **Flower:** Catkin, Insignificant
Fruit: 3/4"-1 1/2" Acorn | **Distinctive Features:** Majestic. Impressive. Stately. This Oak is a classic Midwest gem!

Quercus macrocarpa - The native Bur Oak is majestic with impressive branching as it matures. One of the most stately trees in our native landscape, the Bur Oak is a true gem!

Quercus macrocarpa 'JFS-KW14' | **Cobblestone Oak** 🌿 2.0-4.0"

Height: 55' | **Spread:** 45' | **Shape:** Broadly Oval | **Growth Rate:** Slow
Foliage: Dark Green | **Fall Color:** Yellow-Brown | **Flower:** Catkin, Insignificant
Fruit: 3/4"-1 1/2" Acorn | **Distinctive Features:** Selected from the Bur Oak to have a more furrowed ancient-looking bark

Quercus macrocarpa 'JFS-KW14' - Cobblestone Oak was selected from the Bur Oak by J. Frank Schmidt Nursery. This variety has an unusual corky bark which gives the tree an "ancient" look.

Quercus macrocarpa 'JFS-KW3' | **Urban Pinnacle Oak** 🌿 2.0-4.0"

Height: 55' | **Spread:** 25' | **Shape:** Narrow Pyramidal | **Growth Rate:** Slow
Foliage: Green | **Fall Color:** Yellow-Brown | **Flower:** Catkin, Insignificant
Fruit: 1/2" Acorn | **Distinctive Features:** Selected from the Bur Oak to have small acorns and upright form

Quercus macrocarpa 'JFS-KW3' - Urban Pinnacle Oak has acorns that are smaller than the average Bur Oak which add to the appeal of this variety as a street tree. The narrow upright strong central leader coupled with the mildew and anthracnose resistant foliage also add a benefit to the landscape.

SGN LEGEND: 🌿 Chicagoland Grows® | 🍂 Tried & True Selections | 🌿 Midwest Native

815.448.2097 | WWW.SPRINGGROVENURSERY.COM

DECIDUOUS TREES

Quercus muehlenbergii | **Chinkapin Oak** 🌿 2.0-4.0"

Height: 45' | **Spread:** 45' | **Shape:** Rounded, Open | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Yellow-Brown | **Flower:** Catkin, Insignificant
Fruit: 3/4"-1" Acorn | **Distinctive Features:** Excellent street tree, can handle alkaline soils

Quercus muehlenbergii - Chinkapin Oak is a durable Oak that performs well in alkaline soil. It has attractive dark green sharp toothed leaves and a striking silvery gray bark.

Quercus robur x Q. alba 'Crimschmidt' | **Crimson Spire Oak** 🌿 2.0-4.0"

Height: 45' | **Spread:** 15' | **Shape:** Narrow, Columnar | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Red-Brown | **Flower:** Catkin, Insignificant
Fruit: 3/4"-1" Acorn | **Distinctive Features:** Hybrid columnar Oak that holds its leaves into winter with red fall color

Quercus robur x Q. alba 'Crimschmidt' - Crimson Spire Oak is a J. Frank Schmidt introduction. This hybrid Oak is columnar and can be used as a specimen or a living hedge. The reddish fall color is attractive and it holds its leaves throughout the winter for added texture in the landscape.

Quercus robur x Q. alba 'JFS-KW1QX' | **Streetspire Oak** 🌿 2.0-4.0"

Height: 45' | **Spread:** 15' | **Shape:** Narrow, Columnar | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Red-Brown | **Flower:** Catkin, Insignificant
Fruit: 3/4"-1" Acorn | **Distinctive Features:** Hybrid columnar Oak that drops its leaves into winter with red fall color

Quercus robur x Q. alba 'JFS-KW1QX' - Streetspire Oak is similar to Crimson Spire Oak and is another J. Frank Schmidt Nursery introduction. It differs in that it does not hold its foliage through winter. It has wider branch angles giving it good storm resistance. The red fall color is another great feature of this tree making it one of our "Tried & True" favorites!

GROWER'S NOTE: We love the uniform branching and consistent growth of this new columnar Oak cultivar. The leaves always look fresh and the small lobes add a nice texture to the tree. Streetspire grows a little faster and performs better for us in production compared to Crimson Spire.

Quercus robur x Q. bicolor 'Long' | **Regal Prince Oak** 🌿 2.0-4.0"

Height: 50' | **Spread:** 25' | **Shape:** Columnar to Oval | **Growth Rate:** Medium
Foliage: Green, Glossy | **Fall Color:** Yellow-Brown | **Flower:** Catkin, Insignificant
Fruit: 3/4"-1" Acorn | **Distinctive Features:** Hybrid columnar Oak with rich glossy green foliage

Quercus robur x Q. bicolor 'Long' - Regal Prince Oak is a Heritage Trees introduction and is one of the most popular columnar hybrid Oaks. The dark glossy green foliage looks great all season. Regal Prince Oak is one of our "Tried & True" favorites!

GROWER'S NOTE: This hybrid columnar Oak combines the best of two great species. As a grower, we appreciate the uniformity and vigor of how this cultivar grows. We grow these branched at around waist high so you have the flexibility to use them as a specimen, street tree, or privacy screen.

DECIDUOUS TREES

Quercus robur x Q. bicolor 'Nadler' | **Kindred Spirit Oak** 🌿🌿 2.0-4.0"

Height: 30' | **Spread:** 6' | **Shape:** Tightly Columnar | **Growth Rate:** Slow
Foliage: Green, Glossy | **Fall Color:** Yellow to Yellow-Brown | **Flower:** Catkin, Insignificant | **Fruit:** 3/4"-1" Acorn | **Distinctive Features:** Hybrid columnar Oak that stays very narrow

Quercus robur x Q. bicolor 'Nadler' - Kindred Spirit Oak is one of the tightest columnar trees. It is a sister seedling to the Regal Prince but with a tighter form. The mildew and drought resistant features coupled with the form make it an excellent choice for narrow urban streets and one of our "Tried & True" favorites.

GROWER'S NOTE: A hybrid similar to Regal Prince Oak, Kindred Spirit Oak stays much more tight at maturity. At a young age in the nursery, it is difficult to tell the difference between the two.

Quercus rubra | **Red Oak** 🌿 2.0-4.0"

Height: 60' | **Spread:** 45' | **Shape:** Rounded | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Red | **Flower:** Catkin, Insignificant
Fruit: 3/4"-1" Acorn | **Distinctive Features:** Excellent red fall color

Quercus rubra - The Red Oak has a deep red fall color and beautiful smooth gray bark. The Red Oak has a vigorous growth rate and is native to our area.

Quercus x 'Scarlet Letter' | **Scarlet Letter Oak** 🌿 2.0-4.0"

Height: 40' | **Spread:** 15' | **Shape:** Narrow, Columnar | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Red | **Flower:** Catkin, Insignificant
Fruit: 3/4"-1" Acorn | **Distinctive Features:** Hybrid columnar Oak with smaller lobes leaves and red fall color

Quercus x 'Scarlet Letter' - Scarlet Letter Oak is a new columnar variety that stays tight in form. It has red fall color and drops its foliage in the fall. The small leaves have an interesting tightly lobed shape that catches your attention.

SGN LEGEND: 🌿 Chicagoland Grows® | 🌿 Tried & True Selections | 🌿 Midwest Native

DECIDUOUS TREES

Quercus x macdanielli 'Clemons' | **Heritage Oak** 🌿🌿 2.0-4.0"

Height: 40' | **Spread:** 40' | **Shape:** Broadly Pyramidal | **Growth Rate:** Medium
Foliage: Green, Glossy | **Fall Color:** Yellow-Brown | **Flower:** Catkin, Insignificant
Fruit: 3/4"-1" Acorn | **Distinctive Features:** English & Bur Oak hybrid with good disease resistance and vigorous growth

Quercus x macdanielli 'Clemons' - The Heritage Oak has handsome dark green foliage which is very mildew resistant. It is an English and Bur Oak hybrid with excellent cold tolerance. The pyramidal form makes it a good street tree Oak. This Oak is another one of our "Tried & True" favorites!

GROWER'S NOTE: The Heritage Oak takes the top spot for Oaks as a "grower friendly tree" This tree has superior branch structure and always has a strong central leader. Heritage Oak is a fast grower in our nursery, making it stand out as a winner.

Robinia pseudoacacia 'Purple Robe' | **Purple Robe Black Locust** 2.0-4.0"

Height: 40' | **Spread:** 30' | **Shape:** Rounded | **Growth Rate:** Fast
Foliage: Dark Blue-Green, New Growth Emerges Purple | **Fall Color:** Yellow
Flower: Dark Pink 4-8" Long Racemes | **Fruit:** 2-4" Pod
Distinctive Features: Long pendulous pink flowers in spring are striking

Robinia pseudoacacia 'Purple Robe' - Purple Robe Black Locust has long pendulous flowers that are bright magenta/purple in the late spring. New growth on the tree is purple turning to bronze-green throughout the season.

DID YOU KNOW?

There's more to most trees than meets the eye! Serviceberries make great jelly. Acorns can be cooked, dried, and turned into flour. Linden trees are prized pollen resources for honeybees.

SGN LEGEND: 🌿 Chicagoland Grows® | 🌿 Tried & True Selections | 🌿 Midwest Native

DECIDUOUS TREES

Salix alba 'Tristis' | Weeping Willow 2.0-4.0"

Height: 40' | **Spread:** 60' | **Shape:** Broadly Weeping | **Growth Rate:** Fast
Foliage: Bright Green | **Fall Color:** Yellow | **Flower:** Catkin, Insignificant
Fruit: Capsule, Insignificant | **Distinctive Features:** Graceful weeping branches with golden tones

Salix alba 'Tristis' - This graceful Weeping Willow is fast growing and tough. It's winter stems show off a golden color, and it is a widely adaptable tree.

Sassafras albidum | Sassafras 2.0-4.0"

Height: 50' | **Spread:** 35' | **Shape:** ? | **Growth Rate:** ? | **Foliage:** Green
Fall Color: Bright Orange, Yellow, Red | **Flower:** Green-yellow clusters
Fruit: Blue-black drupes | **Distinctive Features:** Unique tree with vibrant fall foliage and spring flowers

Sassafras albidum - Sassafras is an aromatic, deciduous flowering tree with uniquely green shaped leaves that transform into vivid shades of yellow, orange, and red in the fall. In early spring, male and female trees display small, bright yellow-green flower clusters - with females producing blue drupes - making this versatile tree ideal for naturalized areas, screens, or as a shade tree in well-drained, sandy soils.

Syringa meyeri 'Palibin' | Dwarf Korean Lilac 2.0-4.0"

Height: 8' | **Spread:** 8' | **Shape:** Rounded | **Growth Rate:** Medium
Foliage: Dark Green | **Fall Color:** Insignificant | **Flower:** Violet-Purple, Fragrant
Fruit: Capsule, Insignificant | **Distinctive Features:** Compact, top-grafted specimen with lovely spring flowers

Syringa meyeri 'Palibin' - Dwarf Korean Lilac is a compact low spreading cultivar that has pale pink, sweetly fragrant flowers. These specimens are grafted on a standard and can be used as an accent or in mass.

DECIDUOUS TREES

Syringa pekinensis 'Morton' | Beijing Gold Tree Lilac 2.0-4.0"

Height: 20' | **Spread:** 20' | **Shape:** Upright, Spreading | **Growth Rate:** Medium
Foliage: Dark Green | **Fall Color:** Yellow | **Flower:** Yellow Fragrant Panicles 6-12" Long | **Fruit:** Capsule, Insignificant | **Distinctive Features:** Yellow Flowers are Showy in June

Syringa pekinensis 'Morton' - Beijing Gold Tree Lilac is a selection from the Chicagoland Grows program that exhibits multiple seasons of interest in the landscape. Grown as either tree form or shrub form, this small ornamental adds beauty all season. Large fragrant yellow blooms cover the tree in spring. The dark green foliage is set apart by the exfoliating cinnamon-brown bark. The fine branching and upright form add additional architecture interest in winter.

Syringa pekinensis 'WFH2' | Great Wall Japanese Tree Lilac 2.0-4.0"

Height: 20' | **Spread:** 12' | **Shape:** Upright Oval | **Growth Rate:** Medium
Foliage: Dark Green, Glossy | **Fall Color:** Yellow | **Flower:** Bright White, Fragrant Panicles 6-12" Long | **Fruit:** Capsule, Insignificant
Distinctive Features: Cherry-like Exfoliating Bark

Syringa pekinensis 'WFH2' - Great Wall Japanese Tree Lilac is a compact tree with showy flowers in late spring and glossy green foliage. It has good pest and disease resistance and is adaptable to many conditions.

Photo credit Morton Arboretum

Syringa pekinensis 'Zhang Zhiming' | Beijing Gold Peking Tree Lilac 2.0-4.0"

Height: 20' | **Spread:** 15' | **Shape:** Upright spreading
Growth Rate: Medium | **Foliage:** Dark Green | **Fall Color:** Insignificant
Flower: Creamy-White, Fragrant Panicles 6-12" Long | **Fruit:** Fruitless
Distinctive Features: Fragrant, creamy-yellow spring flowers

Syringa pekinensis 'Zhang Zhiming' - This selection from the Chicagoland Grows program exhibits multiple seasons of interest in the landscape. Grown as either tree form or shrub form, this small ornamental adds beauty all season. Large fragrant yellow blooms cover the tree in spring. The dark green foliage is set apart by the exfoliating cinnamon-brown bark. The fine branching and upright form add additional architecture interest in winter. Beijing Gold makes an excellent specimen plant or used in small groupings.

DECIDUOUS TREES

Syringa reticulata 'Bailnce' | **Snowdance Lilac** 2.0-4.0"

Height: 18' | **Spread:** 20' | **Shape:** Vase Shaped, Spreading
Growth Rate: Medium | **Foliage:** Dark Green | **Fall Color:** Insignificant
Flower: Creamy-White, Fragrant Panicles 6-12" Long | **Fruit:** Fruitless
Distinctive Features: First Editions selection with heavy flowering in early summer

Syringa reticulata 'Bailnce' - The Snowdance Japanese Tree Lilac is a heavy bloomer that is disease resistant. A First Editions introduction from Bailey Nurseries, this selection grows well in group plantings or as a standalone tree.

Photo credit Bailey Nurseries

Syringa reticulata 'Ivory Silk' | **Ivory Silk Tree Lilac** 4'-10' & 2.0"-4.0"

Height: 25' | **Spread:** 15' | **Shape:** Upright Spreading, Becoming Rounded
Growth Rate: Medium | **Foliage:** Dark Green | **Fall Color:** Insignificant
Flower: Creamy-White, Fragrant Panicles 6-12" Long | **Fruit:** Capsule
Distinctive Features: Large blooms are showy against dark foliage

Syringa reticulata 'Ivory Silk' - The Ivory Silk Tree Lilac is compact and dense in form making it a useful size in the landscape. The deep green foliage is complemented by heavy white blooms in midsummer. It is drought resistant.

Photo credit Morton Arboretum

Taxodium distichum | **Bald Cypress** 2.0-4.0"

Height: 55' | **Spread:** 30' | **Shape:** Pyramidal | **Growth Rate:** Fast
Foliage: Green, Deciduous Conifer | **Fall Color:** Orange-Brown
Flower: Insignificant | **Fruit:** 1" Cones | **Distinctive Features:** Deciduous conifer with reddish shaggy bark and fine-textured foliage

Taxodium distichum - The Bald Cypress grows well in wet areas but is hardy enough to tolerate a wide range of conditions. It is a deciduous evergreen that turns rusty brown in fall and has a shaggy brown bark. This is one of our "Tried & True" favorites.

GROWER'S NOTE: It tends to develop a lot of caliper before height, so our challenge is to stay on top of pruning and structure work so that by the time it leaves our field, it has a good canopy established.

SGN LEGEND: 🌿 **Chicagoland Grows**® | 🌳 **Tried & True Selections** | 🌱 **Midwest Native**

815.448.2097 | WWW.SPRINGGROVENURSERY.COM

DECIDUOUS TREES

Tilia americana 'McKSentry' | American Sentry Linden 🌿 2.0-4.0"

Height: 40' | **Spread:** 25' | **Shape:** Densely Pyramidal | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Yellow | **Flower:** Pale Yellow, Fragrant
Fruit: Nutlet | **Distinctive Features:** Distinctive silvery bark

Tilia americana 'McKSentry' - The American Sentry Linden was developed by McKay Nursery and was chosen for its uniform branching and form. It boasts a spicy fragrance during bloom and distinctive silvery gray bark. This American Basswood cultivar is also said to show more resistance to Japanese beetles than other varieties.

📷 Photo credit McKay Nursery

Tilia americana 'Redmond' | Redmond American Linden 🌿 2.0-4.0"

Height: 35' | **Spread:** 25' | **Shape:** Densely Pyramidal | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Yellow | **Flower:** Pale Yellow, Fragrant | **Fruit:** Nutlet
Distinctive Features: Large leaves and formal shape

Tilia americana 'Redmond' - Also referred to as Basswood, this Linden has large leaves and a tight pyramidal shape. In the summer it has clusters of small fragrant flowers followed by a yellow fall color. The fragrant June blooms make this an excellent pollinator. Everything on Lindens are edible and used in many ancient medicinal remedies. From the bark, to the leaves, to the blooms, and even honey from nearby bees, Lindens should be in every neighborhood!

GROWER'S NOTE: The old-timer nursery saying for Linden is, "They sleep, they creep, they leap!" That's how Lindens tend to grow for us. At a young age they don't appear to be growing much, and next thing you know we have some beautiful specimens filled out and ready to harvest. Pruning Linden branches is like "cutting butter" - they are soft to cut compared to Oaks.

Tilia cordata 'Greenspire' | Greenspire Littleleaf Linden 2.0-4.0"

Height: 40' | **Spread:** 30' | **Shape:** Pyramidal, Symmetrical
Growth Rate: Medium | **Foliage:** Green | **Fall Color:** Yellow
Flower: Pale Yellow, Fragrant | **Fruit:** Nutlet
Distinctive Features: Reddish bark & pyramidal form stands out in winter

Tilia cordata 'Greenspire' - Greenspire Littleleaf Linden stands out in the landscape with a strong central leader & formal pyramidal shape. The reddish bark is set off by bright green leaves and yellow fall color. The fragrant June blooms make this an excellent pollinator. Everything on Lindens are edible and used in many ancient medicinal remedies. From the bark, to the leaves, to the blooms, and even honey from nearby bees, Lindens should be in every neighborhood!

815.448.2097 | WWW.SPRINGGROVENURSERY.COM

DECIDUOUS TREES

Tilia tomentosa 'Green Mountain' | **Green Mountain Silver Linden** 2.0-4.0"

Height: 45' | **Spread:** 35' | **Shape:** Broadly Pyramidal to Oval
Growth Rate: Medium | **Foliage:** Dark Green with Silvery-White Undersurface
Fall Color: Yellow | **Flower:** Pale Yellow, Fragrant | **Fruit:** Nutlet
Distinctive Features: Shimmery foliage with more Japanese beetle resistance than other Lindens

Tilia tomentosa 'Green Mountain' - Green Mountain Silver Linden offers attractive, shimmery foliage as the leaves blow in the wind. The Silver Linden variety is shown to be more resistant to Japanese Beetles than other Lindens.

Ulmus americana 'Jefferson' | **Jefferson Elm** 🌿 2.0-4.0"

Height: 70' | **Spread:** 50' | **Shape:** Vase Shaped, Arching | **Growth Rate:** Fast
Foliage: Dark Green | **Fall Color:** Yellow | **Flower:** Insignificant
Fruit: Samaras, Insignificant
Distinctive Features: Impressive tree with arching vase-shaped canopy

Ulmus americana 'Jefferson' - The Jefferson American Elm is another great American Elm choice for the landscape. This impressive tree graces the National Mall in Washington DC and has shown to be resistant to Dutch Elm disease.

Ulmus americana 'Princeton' | **Princeton Elm** 🌿 2.0-4.0"

Height: 70' | **Spread:** 50' | **Shape:** Vase Shaped, Arching | **Growth Rate:** Fast
Foliage: Dark Green | **Fall Color:** Yellow | **Flower:** Insignificant
Fruit: Samaras, Insignificant | **Distinctive Features:** Stately tree with graceful symmetrical branching

Ulmus americana 'Princeton' - The Princeton Elm variety has proven to be one of the most resistant American Elms to Dutch Elm Disease. The graceful symmetrical branching and upright growth habit make Princeton a stately tree in the landscape and one of our "Tried & True" favorites.

GROWER'S NOTE: Princeton is the easiest of the Elms to grow. It naturally puts on a good leader and grows with a "cookie cutter" quality. This is one of the vigorous growers in our nursery, and we turn them around rather quickly.

SGN LEGEND: 🌿 **Chicagoland Grows**® | 🌿 **Tried & True Selections** | 🌿 **Midwest Native**

815.448.2097 | WWW.SPRINGGROVENURSERY.COM

DECIDUOUS TREES

Ulmus japonica x *pumila* 'New Horizon' | **New Horizon Elm** 2.0-4.0"

Height: 55' | **Spread:** 40' | **Shape:** Upright Oval | **Growth Rate:** Fast
Foliage: Dark Green | **Fall Color:** Yellow | **Flower:** Insignificant
Fruit: Samaras, Insignificant | **Distinctive Features:** Cold hardy hybrid with vigorous growth

Ulmus japonica x *pumila* 'New Horizon' - New Horizon Elm, developed by the University of Wisconsin, is a cold hardy Elm that makes a great shade tree. It grows straight and symmetrical and has coarse textured leaves similar to the American Elm. This is one of our "Tried & True" grower favorites.

Ulmus japonica x *wilsoniana* 'Morton' | **Accolade Elm** 🌿 2.0-4.0"

Height: 70' | **Spread:** 60' | **Shape:** Vase Shaped, Arching | **Growth Rate:** Fast
Foliage: Dark Green, Glossy | **Fall Color:** Yellow | **Flower:** Insignificant
Fruit: Samaras, Insignificant | **Distinctive Features:** Chicagoland Grows selection with rich dark green foliage

Ulmus japonica x *wilsoniana* 'Morton' - Accolade Elm, developed by the Morton Arboretum, is a Chicagoland Grows tree. It has a vase shape, similar to an American Elm, with good resistance to Dutch Elm disease and Elm leaf beetle. With glossy green leaves and yellow fall color, the Accolade Elm works well as a street, parkway, or shade tree. This Elm variety earns our "Tried & True" status.

GROWER'S NOTE: Growing Accolade Elm requires patience. At a young age in the nursery, Elms take a lot of work to get a good leader and structure off to the right start. We prune Elms multiple times a year and vigilantly stake them. Each tree has its own personality, so we have to treat every one uniquely. By the time they leave our nursery, they are well on their way to becoming a grand specimen in the landscape!"

SGN LEGEND: 🌿 **Chicagoland Grows**® | 🌿 **Tried & True Selections** | 🌿 **Midwest Native**

Ulmus japonica x wilsoniana x pumila 'Morton Glossy' | **Triumph Elm** ✨ 🌱
2.0-4.0"

Height: 55' | **Spread:** 45' | **Shape:** Upright Oval | **Growth Rate:** Fast
Foliage: Dark Green, Glossy | **Fall Color:** Yellow | **Flower:** Insignificant
Fruit: Samaras, Insignificant | **Distinctive Features:** Chicagoland Grows selection with distinctive upright vase shape

Ulmus japonica x wilsoniana x pumila 'Morton Glossy' - Triumph Elm is another Morton Arboretum selection in the Chicagoland Grows program. This Elm is distinctly vase shaped with glossy green leaves and a yellow fall color. We pick it as one of our "Tried & True" favorites!

GROWER'S NOTE: Triumph Elm matures to a beautiful tree, but at a young age in the nursery it takes a lot of work to get it to that point. Patience and consistency are necessary in growing any Elm, especially Triumph. This variety responds well to staking as long as you pay attention to it and stay ahead of its new growth.

Zelkova serrata 'Musashino' | **Musashino Japanese Zelkova** 2.0-4.0"

Height: 45' | **Spread:** 15' | **Shape:** Narrow, Upright Vase | **Growth Rate:** Medium
Foliage: Green | **Fall Color:** Yellow-Orange | **Flower:** Insignificant
Fruit: Small Drupe, Insignificant | **Distinctive Features:** Delicate vase shaped canopy

Zelkova serrata 'Musashino' - Musashino Japanese Zelkova is a beautiful street tree that allows life to flow beneath its delicate canopy! This tree can withstand a wide range of urban conditions making it an excellent choice for city streets.nursery, they are well on their way to becoming a grand specimen in the landscape!"

Picea abies | **Norway Spruce** 4'-8'

Height: 60' | **Spread:** 20' | **Shape:** Pyramidal | **Growth Rate:** Medium
Foliage: Dark Green, Conifer | **Fall Color:** Dark Green | **Flower:** Insignificant
Fruit: Cones 4-6" Long | **Distinctive Features:** Graceful drooping branches

Picea abies - The Norway Spruce is fast growing with graceful drooping branches as it matures. Norway Spruce makes an excellent choice for a windbreak tree.

GROWER'S NOTE: This is Jamie's favorite evergreen to grow because it's clean and uniform. The needles make for soft and easy pruning. It doesn't grow too fast or too slow - it's just right!

Picea glauca 'Densata' | **Black Hills Spruce** 4'-8'

Height: 40' | **Spread:** 15' | **Shape:** Pyramidal | **Growth Rate:** Slow
Foliage: Dark Green, Conifer | **Fall Color:** Dark Green | **Flower:** Insignificant
Fruit: Cones 1-2" Long | **Distinctive Features:** Dense pyramidal shape

Picea glauca 'Densata' - Black Hills Spruce is dark green with a slower growth rate. It has good winter tolerance and is durable in the landscape. This hardy tree works well as a windbreak.

EVERGREEN TREES

Picea pungens var. *glauca* 'Fat Albert' | **Fat Albert Colorado Blue Spruce** 🌲 4'-8'

Height: 25' | **Spread:** 15' | **Shape:** Pyramidal | **Growth Rate:** Slow
Foliage: Bluish-Green, Conifer | **Fall Color:** Bluish-Green | **Flower:** Insignificant
Fruit: Cones 2-4" Long | **Distinctive Features:** Vibrant blue-green color

Picea pungens var. *glauca* 'Fat Albert' – Fat Albert Blue Spruce is vigorous, densely compact, and a broadly pyramidal selection of Colorado spruce that has bright blue needles that pop in the landscape.

Pinus flexilis 'Vanderwolf's Pyramid' | **Vanderwolf Pine** 🌲 4'-8'

Height: 20' | **Spread:** 25' | **Shape:** Pyramidal | **Growth Rate:** Medium
Foliage: Dark Bluish-Green, Conifer | **Fall Color:** Dark Bluish-Green
Flower: Insignificant | **Fruit:** Cones 4-6" Long | **Distinctive Features:** Long soft needles with silver stripe

Pinus flexilis 'Vanderwolf's Pyramid' - Vanderwolf Pine is an upright, pyramidal tree with closely spaced, twisted, silvery blue-green needles. It's flexible branches and shaggy bark make this tree an excellent accent to the landscape.

GROWER'S NOTE: We have only recently started growing this tree, but so far we love it. The needle color and texture really stands out. There is a subtle silver stripe on the needle that fools your eye into thinking it's blue, making you do a double-take when looking at it. It seems to grow at a medium speed. Our only drawback is that it's hard to find enough quality starter liners for us to plant out - otherwise we would be growing more of these beauties!

“Between every two pines is a doorway to a new world.”

~ John Muir

EVERGREEN TREES

Pinus strobus | **White Pine** 🌲 4'-8'

Height: 50' | **Spread:** 25' | **Shape:** Pyramidal but Opens with Age
Growth Rate: Medium | **Foliage:** Dark Green, Conifer | **Fall Color:** Dark Green
Flower: Insignificant | **Fruit:** Cones 4-6" Long
Distinctive Features: Long soft needles

Pinus strobus - White Pine is fast growing with long soft needles. White Pine is a beautiful addition to the landscape.

Thuja occidentalis 'Nigra' | **Nigra Arborvitae** 🌲 2.0-4.0"

Height: 20' | **Spread:** 7' | **Shape:** Pyramidal, Narrow | **Growth Rate:** Fast
Foliage: Dark Green | **Fall Color:** Dark Green | **Flower:** Insignificant
Fruit: Small Cones | **Distinctive Features:** Great choice for a natural privacy fence.

Thuja occidentalis 'Nigra' - Nigra Arborvitae is great choice for creating a living fence. This selection provides dense year round screening. The Nigra variety will stay more narrow at maturity than Techny.

Thuja occidentalis 'Smaragd' | **Emerald Green Arborvitae** 4'-8'

Height: 15' | **Spread:** 4' | **Shape:** Narrow, Pyramida | **Growth Rate:** Medium
Foliage: Bright Green, Conifer | **Fall Color:** Bright Green | **Flower:** Insignificant
Fruit: Small Cones | **Distinctive Features:** Narrow form with soft flat foliage

Thuja occidentalis 'Smaragd' - The Emerald Green Arborvitae is narrow and tight with bright green foliage, often used in landscaping for privacy hedges.

SGN LEGEND: 🌱 **Chicagoland Grows**® | 🌲 **Tried & True Selections** | 🌿 **Midwest Native**

EVERGREEN TREES

Thuja occidentalis 'Techny' | **Techny Arborvitae** 🍷 2.0-4.0"

Height: 15' | **Spread:** 8' | **Shape:** Pyramidal, Narrow | **Growth Rate:** Medium
Foliage: Dark Green | **Fall Color:** Dark Green | **Flower:** Insignificant
Fruit: Small Cones | **Distinctive Features:** Great choice for a natural privacy fence.

Thuja occidentalis 'Techny' - *Techny Arborvitae* is tall and narrow, keeping its deep green color all year long. *Techny* is hardy, wind-resistant, and adaptable. At maturity *Techny* becomes wider than *Nigra*.

Thuja standishii x *plicata* 'Green Giant' | **Green Giant Arborvitae** 🍷 2.0-4.0"

Height: 50' | **Spread:** 20' | **Shape:** Pyramidal | **Growth Rate:** Fast
Foliage: Dark Green | **Fall Color:** Dark Green | **Flower:** Insignificant
Fruit: Small Cones | **Distinctive Features:** Vigorous, fast-growing, frost-hardy evergreen.

Thuja standishii x *plicata* 'Green Giant' - *Green Giant Arborvitae* is a large, vigorous, and fast-growing variety. It has a pyramidal form and a medium to dark green color which is very resistant to winter frost burn. *Green Giant* is a great tree to use as a screen, hedge, windbreak, or as a single specimen.

OUR SERVICES

DELIVERY

We are proud to offer convenient delivery service to your project for a reasonable price. Our trucks are always ready to bring small or large loads where they need to be in a timely manner. Please call for a custom delivery quote. Delivery rates vary by location.

PICK-UP/LOADING

We can load your truck anytime you need. Weather permitting; we load around the clock, 7 days a week if needed, to get our customers their trees when they need them. Please bring your own tarp and call ahead to allow us time to have your trees staged and ready to load promptly.

CUSTOMIZED HOLDING

During the season, our holding yard is well stocked with a diverse selection of trees ready to load or deliver. We use drip irrigation to maintain adequate moisture & keep our trees looking fresh. We are happy to customize a holding program to fit your needs so that your trees will be tagged & ready for you when you need them throughout the season.

TAGGING

At Spring Grove Nursery, we look forward to getting our customers just the right trees. Personalized tagging is always available in our fields or holding yard. Please call ahead to schedule a tagging appointment, and we will be happy to help you find what you are looking for.

ISA CERTIFIED ARBORIST

Jamie Thomas is an ISA Certified Arborist, and he is available to assist with tree consultations, questions, or project planning. If you are in need of arborist services, please do not hesitate to give Jamie a call – he would be happy to help with any project.

WBE/DBE CERTIFIED

Becky Thomas is certified as a Woman-Owned Business. Spring Grove Nursery has the following certifications: WBE, BEP, and DBE. Participating agencies are State of Illinois, IDOT, City of Chicago, CTA, IL Tollway, Metra, & Pace.

TERMS & CONDITIONS

TERMS

Payment is due at the time of pick-up or delivery. A Net 30 Day Term may be established with customers who fill out our ***Credit Application & Customer Purchase Agreement***. Also available is a 2% Net 10 Day Term for customers that have previously established credit with our nursery and pay within 10 days of the invoice date. If you wish to take advantage of this savings, please contact us to update your Customer Purchase Agreement.

Past due accounts are subject to a service charge of 1.5% per month (18% per year). Past due accounts are immediately returned to COD terms.

GUARANTEE

Spring Grove Nursery is regularly inspected by the Illinois Department of Agriculture and certified as Japanese Beetle free. A copy of our license is available upon request. If any nursery stock proves to be untrue to its description or variety, under which it is sold, we hold ourselves in readiness, on proper proof, to replace such nursery stock that may prove untrue to description or name, or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for such nursery stock. Seller gives no warranty as to livability, express or implied. Claims must be made in writing within five (5) days of receipt of order. Failure to present such a claim within five (5) days shall constitute a waiver.

PRICES

All prices in this catalog are quoted FOB Mazon, IL. The prices in this catalog cancel all previous quotations. Prices & availability are subject to change without notice.
