

ALNUS X SPAETHII

Spaeth's Alder

Height: 55'
Spread: 20'
Growth Rate: Fast
Shape: Broadly Pyramidal

Foliage: Purple in Spring, glossy green in Summer
Fall Color: Yellow
Flower: Male catkins 2-3" long
Fruit: Cone-like structures

Distinctive Features: Glossy leaves, extremely tough and adaptable

Spaeth's Alder is a fantastic street tree with lustrous green foliage. It fills in well as an Ash alternative and is wind, salt, and pollution tolerant. The tree is widely used in Europe and named after botanist Franz Spath from Berlin, Germany

GROWER'S NOTE: At SGN Trees, we grow healthy trees, deep roots, and strong communities. Our philosophy of growing stems from our core values and guiding principles of stewardship, hard work, honesty, simplicity, and diversity. We hope you will join us this season as we cultivate deeper roots and relationships that will grow for many years to come!
