

CORYLUS CORLURNA

Turkish Hazel Filbert

Height: 45'

Spread: 25'

Growth Rate: Slow

Shape: Upright oval

Foliage: Dark green

Fall Color: Red

Flower: Yellow

Fruit: Red oblong drupes

Distinctive Features: Textured bark

The Turkish Hazel Filbert thrives in adverse conditions, including drought. It is windproof and has clean foliage with catkins in the spring. It is free of pest and disease problems and adapts well to a wide range of pH soils. The attractive furrowed bark is another great feature of this tree.

GROWER'S NOTE: At SGN Trees, we grow healthy trees, deep roots, and strong communities. Our philosophy of growing stems from our core values and guiding principles of stewardship, hard work, honesty, simplicity, and diversity. We hope you will join us this season as we cultivate deeper roots and relationships that will grow for many years to come!
